

# MAGNATES END BASEBALL WAR

## 16 OWNERS PLAN FOR AGREE ON HUGE OIL LASKER PLAN GRAB IS BARED

Re-organization Plan Develops Quickly In Chicago  
Peace Parley

CHICAGO, Nov. 12.—Peace was declared in the "baseball war" here today.

Sixteen major league club representatives, meeting here, agreed upon plans for re-organization of the game and made arrangements for continuing under a civilian commission as provided for under the Lasker plan.

Federal Judge Landis was unanimously endorsed for chairman of the commission.

The conference was behind closed doors.

No attorneys, stenographers or clerks were allowed to remain when the doors closed and the sixteen men prepared to fight out their differences.

### DENY IDAHO'S PLEA FOR CHANGE IN TIME

WASHINGTON, Nov. 12.—The petition of the Idaho public utilities commission asking that Idaho be placed in the standard mountain time zone rather than in the Pacific time zone was denied today by the Interstate Commerce Commission.

To change the limits of a time zone, the commission said, "would result in seriously distorting the several zone boundaries which should coincide as nearly as is reasonably practicable with the respective meridians, having regard for the convenience of commerce and the existing junction and division points of interstate common carriers."

### SPEAKER PREDICTS WAR WITH JAPANESE

ST. LOUIS, Mo., Nov. 12.—War between the United States and Japan is almost certain unless the nation is able to maintain a navy in the Pacific, "surpassed by none," Congressman L. C. Dyer of this city, declared in an Armistice Day address.

Congressman Dyer recently returned from an extended trip to the Orient. He said the Japanese navy far exceeded the Pacific fleet in ships.

"Japan is ambitious to dominate the Orient, for its interests are all there," the speaker declared. "Japan is jealous of the United States and the prominent part it has played in the Far East. Japan has annexed Korea against the wishes of the Koreans. Japan is encroaching upon China against the wishes of the Chinese. Unless the United States deals firmly with the situation as it exists and builds and maintains a navy in the Pacific surpassed by none, we are sure of a conflict with Japan."

### DREAMS TO FIGURE IN \$15,000 ACTION

LOS ANGELES, Nov. 12.—Dreams and psycho-analysis are to figure prominently in a \$15,000 damage suit brought by Edward H. Murray against Dr. Louise O. Unger. It was indicated by a deposition filed in the superior court here today by the defendant.

Murray declares she exercised an improper influence over him and caused his arrest on a charge of insanity.

Dr. Unger, a psycho-analyst, recites in her deposition that she treated him for ineffectiveness by psycho-analysis, one of her methods being to cause the patient to dream, then relate the dream which she analyzes psychologically. She denies she used hypnotism.

She states she caused his arrest because he annoyed her by sending her flowers and gifts, placing letters under her door and peeping through windows.

### FRANCE TO QUIT IF GERMANY IN LEAGUE

PARIS, Nov. 12.—French delegates to the league of nations, have been instructed to withdraw if Germany is admitted, according to the Echo De Paris.

## PEOPLE OF BELGIUM IN LOVE WITH WIFE OF U. S. AMBASSADOR

MRS. BRAND WHITLOCK

Mrs. Brand Whitlock, of Toledo, Ohio, wife of the American ambassador to Belgium, has won the hearts of the people of Belgium as a result of her relief work during the war, and when her portrait, from which the above picture was made, was hung in the Brussels Salon du Printemps, great throngs of Belgians made their way to the gallery to view the painting, which is the work of the famous Belgian artist, Firman Baes.

## PLAN FOR WAR ON ORIENTALS

SAN FRANCISCO, Nov. 12.—Members of the California delegation to congress will meet with the representatives of the various California anti-Japanese organizations this afternoon to discuss anti-Asiatic legislation to be introduced into the next session of Congress.

It is expected that the meeting would formulate a program on which the California delegation would present a solid front.

This, anti-Japanese leaders believed, would be necessary on account of expected opposition from the state department.

The program Congress will probably be asked to adopt is expected to include legislation denying citizenship to orientals born in this country; a demand for the cancellation of the "gentlemen's agreement" and revision of existing treaties with Japan and stringent regulation of immigration.

## BANK BANDITS IN BIG HAUL

CIRCLEVILLE, Ohio, Nov. 12.—Four automobile bandits today held up the First National bank at Kings-ton, 10 miles south of here, and escaped with \$4,000 in currency, between \$150,000 and \$200,000 in stocks and bonds and an undetermined quantity of Liberty bonds, according to a report received here.

Scores of automobiles filled with armed citizens and police took up pursuit of the bandits.

## WILL OF ANAHEIM MAN FILED FOR PROBATE

The will of Owen S. White of Anaheim and a petition for probate were filed in superior court today by Mrs. Martha B. White, widow of the deceased. The estate is appraised at \$16,500, of which \$10,000 is in Liberty bonds.

Under the terms of the will the entire estate goes to Mrs. White. The children, Edwin, 13, Owen, 10, Hazel, 7, Grace, 3, and Max and Elaine twins one year old, are specifically prohibited from receiving anything under the terms of the will, in order that the entire income from the estate may be handled by the mother.

The will was dated July 9, 1920.

Leonard Evans is attorney for Mrs. White.

## FLYERS COMB LAKE FOR MISSING PLANE

GREAT LAKES, Ill., Nov. 12.—A fleet of airplanes was to continue the search today for the navy seaplane, S-2-L, which left here Wednesday morning with a crew of three aboard.

The missing plane was last seen Wednesday afternoon riding the waves 12 miles off Sheboygan, Wis. Hope that any of the crew have survived was abandoned by experienced seamen today.

## BANDITS MAKE HAUL FROM L. A. VICTIMS

LOS ANGELES, Nov. 12.—P. A. Jarvie was knocked unconscious and robbed of \$20 by two strangers whom he met in a "blind pig" and who invited him to accompany them on an automobile tour, he reported to the police today.

H. Woolsey complained to authorities that he was robbed by pickpockets in the downtown district, of a wallet containing three diamond rings worth \$725.

## Looter Ring Laid To Shipping Board Men MILLION WORKERS IDLE

### HARD WINTER AHEAD FOR EUROPE

Strikes and Slackened Business Blamed for Great Wave of Unemployment

LONDON, Nov. 12.—Strikes and slackened business in Europe have left 1,500,000 workers idle.

Exact figures were not available today but the British labor ministry put the number of unemployed at a million and a half as a conservative estimate.

In Great Britain there are 2500 men drawing unemployment pay from the government, but there are tens of thousands more who have not benefited by the payments.

Thus far there has been no suffering. The weather has been mild. At this time there is worry over prospects for the winter. The government has urged unions to admit unskilled labor to their ranks, especially in the building trades, which the government plans to use this winter in the construction of buildings.

### LABOR OPENS DRIVE FOR MEMBERS

Leaders Declare Campaign Will Be Challenge Against Employers

WASHINGTON, Nov. 12.—Organized labor now is trying to add 1,000,000 new members to its ranks, Vice President Frank Duffy of the American Federation of Labor announced here today. The effort constitutes labor's acceptance of the challenge of employers who, labor leaders charge, plan to establish a non-union shop and depress wages.

"We plan to have more than 5,000,000 members by the end of the year," said Duffy, who is here attending sessions of the executive council of the federation.

This question of extending membership to the steel workers was to be taken up here today at a meeting of twenty-four unions which engaged in the big steel strike last spring. With the executive council in session simultaneously with the steel leaders, the meeting was expected to prove vital.

As part of the general drive for new members, labor leaders in all sections of the country are now making an intensive campaign to enlist office or "white collar" workers in the ranks. This was ordered at the Montreal convention and the American Federation of Labor was directed to issue an international charter to the union as soon as it had enough members to warrant.

In an address here today, President Gompers said "a persistent effort is being made to saddle upon labor the odium of opposition to improved methods and machinery in production."

"This is not true, as a general statement," he added.

"What labor has opposed was an effort to exploit them by use of improvements that are intended as a blessing to mankind. Labor is rightly suspicious of changes which are introduced without explanation and whose effect upon their welfare is not considered. Labor is not opposed to increased production or improved machinery."

### HOLD CHICAGO GIRL IN \$5500 CHECK CASE

SAN FRANCISCO, Nov. 12.—Miss Dorothy Peters, nurse, who recently arrived here from Chicago, and Stanley E. Holmes, also of Chicago, were under arrest today charged with being responsible for the alleged cashing of a \$5500 forged check against the account of Horace B. Pillsbury, prominent San Francisco attorney.

Holmes is charged with having made out the check payable to Miss Peters and the girl is alleged to have cashed it with the aid of a man who has not yet been arrested.

"So this is the Paris of America," Miss Peters smilingly remarked when the desk sergeant at the city prison put her name on the blotter. "Well, I'm seeing it right. Olive Thomas had nothing on me."

Miss Peters said her parents were Mr. and Mrs. E. H. Dean, of Chicago.

### STATE RAIL BOARDS WILL REIGN LOCALLY

WASHINGTON, Nov. 12.—The Interstate Commerce commission has no disposition to interfere with state regulatory bodies in administration of local traffic problems, Chairman Clark said at the conference of the National Association of Railway and Utility Commissioners. He said the commission planned to establish car service agents and local committees throughout the country. It was impossible, he added, for any tribunal in Washington to deal with the mass of local matters which come up daily.

### Detroit Postmaster, Women Employes, Clash Over Styles

DETROIT, Mich., Nov. 12.—Postmaster Nagel has decreed that all women employes of the postoffice, while on duty, must wear gray chambray aprons beginning December 1.

As a result of the edict, the women have issued a challenge to the postmaster's right to dictate their style of dress.

Nagel maintains that by wearing gray, dress rivalry will be curbed, efficiency promoted and morals protected.

A mass meeting will be held, probably Saturday, when all postal employes will be asked to sign a protest. The women assert that they will carry their protest to Washington if the order is enforced.

### SAILORS CAUGHT IN ICE WELL SUPPLIED

OAKLAND, Nov. 12.—The power schooner Herman arrived here from Nome with word of the schooner Polar Bear, caught in the ice 225 miles north of Nome and off the Siberian coast. For the first time reindeer will be used in the relief expedition that is to set out from Nome as soon as the ice sets in the Arctic straits, according to Captain Peterson of the Herman. The crew of the Polar Bear have food for two months. In case relief does not arrive they can take to the ice and make their way to Siberia after the manner of the crew of the whaler Belvedere crushed in the flocks near the same place some time ago.

### MEXICAN'S RAMPAGE TERRORIZES VILLAGE

PASADENA, Nov. 12.—With Joseph Carmona, a Mexican, locked in the county jail, Finlridge, a little town near here, feared a sigh and again took on an atmosphere of serenity today after a night marred by the barking of revolvers.

Carmona, police say, imbibed too freely and went on a rampage, firing into the air and threatening to shoot anyone who bothered him. (Calling at the home of another Mexican, he is said to have dared the latter to come out and fight. He was overpowered, disarmed and tied with ropes, but he escaped from his bonds, obtained a shotgun and again ran amuck. Finally he ambushed himself in his house. Policemen later broke in and found him asleep.

### DOG ONLY COMPANION OF YOUTHFUL BANDIT

NORTON, Kan., Nov. 12.—A shaggy shepherd dog which lies shivering outside the jail here whined loneliness today for Carl Johnson, its 17-year-old master, locked up for attempting to play five members of the Heisterman family.

The dog is the only friend young Johnson has. At times it is allowed in the jail as "company" for the youthful would-be slayer.

The \$200 which Elmer Heisterman, a boy companion, is said to have offered Johnson to shoot five members of the Heisterman family, represented more money than Johnson had ever seen, he said today. The most money he ever had at one time was \$12.50, he declared.

The prisoner is a second Huckleberry Finn. Dressed in overalls and a blue denim shirt, Johnson's whole being savors of the outdoors. The shirt open at the collar exposed a neck unmarred by a linen collar. A tattered cap pulled at a rakish angle over his left eye surmounted a head of unkempt hair to which comb and brush were strangers. A nail was fastened to one of his suspenders.

MARTIN K. O'S SMITH  
SAYANNAH, Ga., Nov. 12.—Bob Martin, A. E. P. slugger, knocked out Sergeant Ray Smith in the second round of their scheduled twelve-round go here last night.

## PROBE BARES SINECURES, IS CHARGE IN N. Y.

Ex-Convict Holds Responsible Position, Claim of J. T. Meehan

NEW YORK, Nov. 12.—Collusion in the purchases and sales for the Emergency Fleet corporation and the United States Shipping board and sinecures in the organizations were charged today by John T. Meehan, chief of the Shipping Board's division of investigation.

Meehan testified before the congressional committee investigating the Shipping Board's work regarding numerous investigations made by him.

One of these resulted, he said, in the discovery that an ex-convict was holding a responsible position under the board and that he had been in collusion with others in attempt to sell lumber at exceedingly low prices.

## EPISCOPALIANS HOLD COUNTY MASS MEETING

Foreign and domestic missionary work and other activities among the Episcopal churches of the world were discussed by speakers at a mass meeting of Orange County Episcopals held last night at the Church of the Messiah as a preliminary to the nation-wide financial drive during the week of November 12 and of the service drive the week of December 12.

Appeals to Santa Ana Episcopals to do their utmost for success during those weeks were made by C. M. Burton, of Pomona, and George M. Wiley, of Huntington Park, the principal speakers of the evening.

The local church is pledged to raise \$2500 during the drive for funds. During the service drive an endeavor will be made to enlist the aid of every member in some activity of the church, foreign or domestic.

## SAN PEDRO DRYDOCK COMPLETED, REPORT

LOS ANGELES, Nov. 12.—In a communication to the city council, the Los Angeles Shipbuilding and Drydock company today announced it has fulfilled the terms of its lease, granted by the city, April 11, 1917, by completing and having in operation in Los Angeles harbor a drydock with a lifting capacity of more than 10,000 tons.

## PROPOSE WILSON AS LEADER OF LEAGUE

WASHINGTON, Nov. 12.—Officials high in the executive council of the League of Nations are seriously considering offering President Wilson an eminent post, probably that of titular head of the organization, upon his retirement from office, according to information reaching Washington from London.

When asked about this report, Secretary of State Colby said he knew nothing about it and that it was a matter entirely for the White House. Officials at the White House stated no word of the movement has yet reached the president.

The League, as now organized, it was pointed out here, is without an official head, the nearest approach to such an office being Sir Eric Drummond, the secretary, who has offices in London and who can hardly be regarded as a powerful figure in world affairs.

# HUNGER STRIKE BY SINN FEIN CALLED OFF

DUBLIN, Ireland, Nov. 12.—The remaining Sinn Fein hunger strikers, in prison at Cork, today abandoned their fast, according to a dispatch received here from that city. This was the ninety-fifth day of their strike.

There were nine of the hunger strikers left, two having died.

Abandonment of the strike was brought about through the intervention of a bishop.

The nine were very weak and exceedingly emaciated, and it was believed they would not have survived many hours longer.

# NEW ANAHEIM WATER COMPANY TAKES STEP FOR INCORPORATION

A new corporation, the White Star Water company, of Anaheim, today filed articles of incorporation with the county clerk.

The company is organized for the purpose of furnishing water both for irrigation and for domestic use. It plans to sink a number of wells and erect a pumping plant.

The new organization is capitalized at \$10,000, of which \$7,000 is already paid up.

The following directors were named in the application: O. E. Steward, L. E. Plummer, E. D. White, J. H. Morningstar, and W. L. Morningstar, all of Anaheim.

The articles of incorporation were filed through Attorneys Head and Rutan of Santa Ana.

Try White's lunches in Sam Hill Public Market. Service 7 a. m., to 6 p. m.

# 'NORTHER' DRIVES HARDING INDOORS

POINT ISABEL, Tex., Nov. 12.—A whistling "norther" blowing across the bay kept President-elect Warren G. Harding off the water today. Early this morning, he was waiting on the weather before deciding whether to go into Brownsville for golf or to lounge around in his cottage.

The sharp drop in temperature and the overcast skies coming with the "norther" drove away the semi-tropical aspect of this little fishing village and members of the Harding party went about bundled in sweaters and heavy clothing instead of the tropical duds and thin shirts they had found so comfortable here.

Unofficially, members of the party are receiving a welcome from the Mexican side of the border rivaling that given by the Americans. Just across the river, the historic old town of Matamoros has been thrown open to the party. The Mexican hospitality is of the warmest kind. Mexican officials sought to dispel any impression among the visitors that banditry raged uncontrolled and insisted that there are no bandits within miles of Matamoros.

Friendly feelings on either side of the Mexican border have increased perceptibly as the result of the visit of President-elect Harding here.

The appearance of Senator Harding has given many Mexican a closer view of the man who is to shape the foreign policies of the United States for the next four years and they feel confident that their country will have nothing to fear from the incoming administration so long as the American nationals and their property are respected by the Mexicans.

# FIGHTS BACK IN SUIT GROWING OUT OF ROW

Alleging that he struck C. N. Grace in self defense, December 3, 1919, Steve Elzea has filed an answer to Grace's complaint and a cross-complaint against Grace, in which Elzea asks for \$5,000 for "discomfort and mental anguish" which he sustained in the encounter. Elzea's attorneys are Head and Rutan.

The original complaint alleged that Elzea had used force and violence on Grace, knocking him down and bruising him. The alleged attack is said to have taken place December 5, 1919. Grace asked \$4552 damages, of which \$1000 was for actual damages, \$552 for loss of salary following alleged assault, \$1000 for exemplary damages, \$1000 for mental suffering, and \$1000 for the unfavorable publicity.

The cross-complaint alleges that Grace was very abusive to Elzea and that the defendant struck him in self-defense, but did not strike him hard, or at least, not any harder than to Elzea seemed necessary.

Alleging that Grace's acts constituted a breach of the peace, Elzea asks \$5000 for the discomfort and mental anguish sustained by Grace's conduct.

The case is expected to come to trial shortly. Eden and Koepsel are representing Grace.

The trade of the world is developed by ship-minded people.

Taxi service, day or night, Crown Stage Co. Phone 925.

# Colds Break

Get instant relief with  
"Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!—Adv.

# IRELAND HOME RULE BILL BEFORE LORDS

LONDON, Nov. 13.—The Irish home rule bill, promised for more than a decade, went to the house of lords for approval today. It passed commons on third reading last night.

Under the present bill two separate legislatures would be set up in Ireland, one in the north and the other in the south. These would be charged with selecting a council of forty out of which the government would have a permanent parliament for all Ireland can be formed.

# POLITICIANS IN CABINET PARLEY

FRENCH LICK, Ind., Nov. 12.—Two mineral springs hotels nestled in the hills of southern Indiana were transformed into rival political camps today.

National Republican chieftains pitched camp at West Baden Springs, one mile from French Lick Springs, where Democrats are holding forth.

The purpose of the Republican pow-wow is somewhat of a mystery. It is certain, however, that one of the outstanding topics of conversation is the makeup of President-elect Harding's cabinet.

The Republican leaders here include Fred W. Upham, treasurer of the Republican national committee; Joe Keating, Indiana national committeeman and Mayor William Hale Thompson, of Chicago.

Thompson, according to reports, is prepared to make a fight against selection of Governor Frank C. Lowden, of Illinois, or any of his friends as cabinet officers. Lowden has been suggested for secretary of the treasury.

Two Illinois men were talked of today for portfolios. They were Raymond Robins, for secretary of labor, and Frank Smith, chairman of the Illinois state central committee, for secretary of agriculture.

In the Democratic camp is Charles Murphy of New York City, and a number of eastern politicians.

# WILL TAKE PART IN ROLL CALL NEXT WEEK

The Rotary club, the Kiwanis club, the Elks' lodge, the Knights of Columbus and the Chamber of Commerce are to take part in the Red Cross membership drive next week.

The American Legion committee has made arrangements with those organizations to canvass the business district of the city. The Auxiliary of the American Legion will assist the canvassers in various ways.

At noon today there was a meeting at James's cafe of representatives of the organizations that the American Legion had asked to accept assignments in the territory assigned to the American Legion by the city committee of the Red Cross organization.

Dr. M. A. Patton and Walter Vandermast were present for the Rotary club, Robert Atkinson and H. L. McDermott for the Kiwanis club, Cood Adams and L. A. Schlessinger for the Elks, Mrs. E. A. Biggs for the Knights of Columbus, Mrs. H. H. Reeves for the American Legion Auxiliary, Dr. John Wehrly and Miss Anna Lieberman for the American Legion, Fred Rafferty, C. A. Riggs and T. E. Stephenson for the Chamber of Commerce.

The Rotary club has the northeast section of the business district, the Kiwanis club the northwest section, the Elks the southwest section, the Knights of Columbus the southeast section, and the Chamber of Commerce the industrial district.

It is planned to have canvassing organizations ready to begin work Monday morning.

# LEGION PLAYLET PROVES SUCCESS

The wartime spirit of sacrifice was the theme of "The Bridge," a one-act playlet staged by local talent under the supervision of Santa Ana Post No. 131, American Legion, at the Temple theater last night. Two packed houses greeted the performance.

Mrs. Charles D. Swanner, very charming in the portrayal of an American Red Cross nurse, and Raymond Schulte, acting the part of a wounded doughboy, reproduced for the deeply interested audiences the real-life drama which is known to have been enacted in many instances during the World War.

The doughboy, the story goes, blinded by poison gas and with only a few hours to live, thinks the nurse is his sweetheart from back home. The nurse, to make his last hours happy, is married to him by a priest.

Mrs. Swanner and Schulte enacted their roles in very able manner. Maxwell Jayne took the part of the priest and acquitted himself very creditably.

Miss Birdenia Henry, of the high school faculty, acted as the director of the production. The playlet was written by Jo Swerling, of the New York American, and was donated by him for use by the American Legion.

Beside the playlet, other local talent features and a two-reel comedy motion picture were presented. Mrs. Ollie Mae Enlow Matthews pleased the audiences with three violin selections. She was accompanied by Earl Fraser, at the piano. The picture was a mirthful comedy by the "Hall Room Boys," entitled "Four of a Kind."

# IMPERIAL HONEY MEN NAME TWO DIRECTORS

EL CENTRO, Nov. 12.—The Imperial Valley Honey Producers' Co-operative exchange held its annual meeting in the city park yesterday. J. W. Hill and William Hildebrandt were elected directors to succeed themselves. C. P. Dandy, secretary-manager, read his annual report and a basket luncheon was enjoyed by all present.

The association also endorsed Mr. Dandy as bee inspector of Imperial county, as the retirement of J. P. Logan will soon leave a vacancy.

# BASEBALL LEADERS IN PEACE CONFLAG

CHICAGO, Nov. 12.—The third round of the fight for baseball peace was to start here today at noon with a joint session of the sixteen owners of clubs in the American and National leagues.

The financial interests of baseball, in formal conference, and without the advice of attorneys and league presidents, will be able to amicably decide how they want the game re-organized, both warring factions believed prior to the session.

National leaguers and the group supporting Ban Johnson, president of the junior circuit, anticipated official action on some sort of an agreement would follow the informal gathering, thus ending the war talk that died in Kansas City when minor leaguers refused to take sides.

The method of voting, however, was still one of the prospective stumbling blocks. The eleven National league owners contended they would not recede from their stand that balloting be by individuals and not leagues as advocated by the five loyal followers of Ban Johnson.

Box Social at the Woodman Hall, Saturday, Nov. 13, given by the members of the First Spiritual Church. Everybody welcome. Ladies, bring your lunch boxes.

\$3.00 Clocked Silk Hose \$1.98—not \$2.98, as it appeared in Leipsics page advertisement yesterday.

Bertha May's Maternity Corsets at Mrs. Cora B. Calvin, 116 E. 4th.

## Deaths

SHAY—John Shay, of 420 West Fourth  
street, Santa Ana, at Corona, Novem-  
ber 10. Funeral services at 2 p. m.,  
Sunday, from 833 West Forty-ninth  
street, Los Angeles.

HANEY—Lula Travis Haney, Santa  
Ana, Nov. 11, 1920. Aged 35. Funeral  
services Saturday, Nov. 13, at 2:30  
p. m., from the residence of Jennie  
E. Parker, 925 East Palmyra, Orange.  
Cal. Deceased is the wife of Rev.  
Earl W. Haney, of San Luis Obispo.  
Cal. Services in charge of Smith &  
Tuthill.

ROBINSON—At his residence, 220 South  
Sycamore street, Santa Ana, Cal.,  
November 11, 1920. Walter K. Robin-  
son, aged 67 years.  
Services are to be held from the  
Mills and Winbiger Mission Funeral  
Home tomorrow, Saturday, Nov. 13,  
at 2 p. m. Interment will be under  
the auspices of Santa Ana Odd Fel-  
lows lodge.

## Unclaimed Letters

The following letters remain un-  
claimed in the postoffice at Santa Ana,  
Cal., for the week ending November  
13, 1920:

Foreign  
Florence Barrocan.  
Andrea Bea.  
S. E. Dawson.  
Jesus Gomez.  
Donato Moreno.  
Pablo Mosqueda.  
Francisco Padilla.  
Bonifacio Pineda.  
Guadalupe Saldaña.  
Pedra Terrana.  
Mr. and Mrs. F. H. Wheeler.  
Jose Zamora.  
If the above letters remain unclaimed  
in the postoffice, they will be sent to  
the dead letter office. When calling for  
the above, please say "advertised" and  
give date.  
C. D. OVERSHINER.

## THE CHEERFUL CHERUB

I came upon the  
world too late—  
Although my mind is  
deep and grand  
So many thinkers  
lived before  
That all my thoughts  
are second-  
hand.  
RITCHIE

## City and County

A conference of directors of all  
walnut growers associations affil-  
iated with the California Walnut  
Growers Association is to be held  
in Los Angeles next Thursday. The  
meeting was to have been held yester-  
day but was postponed a week be-  
cause yesterday was a holiday. The  
general market situation will be dis-  
cussed.

J. E. Pleasants, county bee in-  
spector, has been asked by the  
American Bee Journal to write an  
article covering the history of the  
bee industry in California. Probably  
no man in the West has been in  
closer touch with the industry since  
its inception than has Pleasants.

Miss Estelle Nisson, secretary of  
the Orange County Stanford Club, is  
today making arrangements for a  
banquet to be given by the club at  
James's cafe at 7 o'clock Saturday,  
November 20, the evening of the  
Stanford-University of California  
football game.

Professor Le Roy B. Smith of the  
University of California, assistant  
state leader of Farm Advisors, was  
in Santa Ana today. Professor  
Smith spent the morning in confer-  
ence with Farm Advisor H. E. Wahl-  
berg and was scheduled to take part  
in a conference of directors of all  
the local Farm Bureau this afternoon.

Coach Marvin Morrison is planning  
to take his squad of Santa Ana high  
school huskies to Claremont tomor-  
row afternoon to meet the Pomona  
College frosh in a practice game.  
The high school boys are not ex-  
pecting to have any easy time, al-  
though they have hopes of annexing  
the big end of the score. Every  
member of the squad is anxious to  
get into the game tomorrow for the  
opportunity to show what he will do  
against Fullerton next week if given  
the chance.

Members of Santa Ana Lodge, No.  
764, B. P. O. E., are requested to  
meet at Elks hall Saturday, at 1  
o'clock, to attend the funeral of  
Mr. W. K. Robinson.

"They WORK  
while you sleep"

Don't stay bilious or constipated,  
with your head dull, your stomach  
sour, gassy, upset. Take one or two  
Cascarets tonight sure for your liver  
and bowels and wake up clear and  
fit. Children love Cascarets too.  
No griping—no inconvenience. 10,  
25, 50 cents.

W. R. Dross, N. G.  
A. H. T. Taylor, Rec. Sec'y.

## TO GRAFT SKIN ON WOMAN WHO WAS BURNED

Nearly two square feet of skin  
will be grafted upon the body of  
Mrs. George Hansen, who was se-  
verely burned four weeks ago at her  
home at Placentia, it was stated to-  
day by Dr. D. C. Cowles, of Fullerton,  
who has been attending Mrs.  
Hansen since the accident.

The skin to be used in the opera-  
tion, which will be performed at  
9 o'clock tomorrow morning at the  
Fullerton hospital, will be obtained  
from the bodies of Mrs. Hansen's  
husband, step-son and brother-in-law,  
who have volunteered to furnished  
the required amount.

The operation will be performed  
by Dr. Cowles, who said today he  
was confident of the complete suc-  
cess of the operation. No ill effects  
to those offering their skin to Mrs.  
Hansen are expected by the doctor.

Mrs. Hansen was burned when  
her clothing ignited from an oil  
stove on which she was heating  
water to bathe her baby. The child  
was in her arms when the fire  
started but Mrs. Hansen tossed it  
upon a bed out of harm's way. Neigh-  
bors came to her assistance and beat  
out the flames which enveloped her.  
She was removed to the Fullerton  
hospital where she has received  
medical attention since.

## 'HAVE ONE ON ME' DEAD PHRASE, CLAIM

Times have changed.  
At the soda fountains this change  
is evidenced by the apparent dying  
out of old and time honored expres-  
sions.

"Have this one on me," and "Fill  
'em up again" have passed into the  
category of the obsolete, along with  
the brass rail and the mahogany bar.  
The treating habit is not as com-  
mon as it was in the days before all  
the bars became counters with a  
row of seats in front.

This opinion was expressed today  
by a number of Santa Ana soda  
swishers.

When asked if he thought treating  
was as common as it used to be,  
Lee Bryant at the White Cross said:  
"When two fellows come in to-  
gether, one usually pays for both or  
when two old friends come in one  
usually pays. Where two friends  
come in regularly, as in some cases,  
they usually take turns in paying.  
'Fill 'em up again' died out along  
with the bar. One very rarely hears  
that expression at the fountain."

Ben Clapp, the genial owner of  
the White Cross fountain, was of the  
opinion that "treats" were on the  
decline.

"No, I don't think there is as much  
treating as there used to be," said  
Clapp. "The idea of 'have one on  
me' has almost died out. The fellows  
would rather match to see who pays,  
or in the case of old friends, take  
turns in paying for the drinks."  
"Del" Wilkinson, who presides  
over the fountain at Rowley's Drug  
store was of the opinion that treat-  
ing is still in vogue.

"There is just as much treating as  
there used to be," he said. "It is  
not done in the same spirit or in  
the same manner. The idea of 'have  
one on me' is still with us but the  
fellows don't say it that way. They  
would rather match to see who pays.  
When two fellows come in together  
one usually pays the bill."  
"With the exception of a few per-  
sons who match to see who will pay,  
I have seen little inclination to treat  
shown recently. There is not as  
much treating as there used to be. I  
guess it is a lost art, because the  
greater part of the checks handed  
out over the counter now are for  
'Dutch' treats," said Lee Eckley,  
who draws soft beverages at the  
Dragon.

From the evidence obtained, it  
would appear that the "have one on  
me" idea and the old expression,  
"fill 'em up again" had passed out  
with the advent of prohibition. At  
any rate, these terms have not been  
inherited by Santa Ana soda foun-  
tains.

Try White's lunches in Sam Hill  
Public Market. Service 7 a. m. to 6  
p. m.

\$3.00 Clocked Silk Hose \$1.98—

## GUARDSMEN SHAKE AT GEOMETRY TEST

Doubting their ability to pass the  
geometry test in an examination for  
admission into West Point Military  
Academy, members of the local Na-  
tional Guard company are ponder-  
ing the advisability of taking ad-  
vantage of a provision made recent-  
ly by General J. J. Borree, command-  
ing the state militia, for examination  
of enlisted men of the National  
Guard, December 10 and 11.

Capt. A. E. Koepsel, Company F,  
stated today that he had approached  
several members of his company  
about taking the examination and  
expected to have a definite answer  
within a few days. The geometry  
test, he said, was the chief obstacle  
his men were considering.

The mental examination for ad-  
mission to the academy will cover  
algebra, geometry, grammar, com-  
position, United States and general  
history and will be held in the of-  
fice of the adjutant general in Sacra-  
mento, under the supervision of  
Colonel Harold Coburn.

Candidates to be eligible must  
have served at least one year in the  
guard by July 1, 1921. Previous  
service in the United States army  
of a candidate may be considered.  
Candidates must be between the  
ages of 19 and 22, except that during  
1921 an applicant who has served  
honorably and faithfully not less  
than one year in the armed forces  
of the United States or allied  
armies in the late war with Germany  
and who possesses the other qualifi-  
cations required may be admitted up  
to the age of 24 years.

Should a candidate fail to pass in  
his first attempt he will be given an-  
other opportunity the following year,  
provided he has not exceeded the  
age limit in the interval. The course  
of study at West Point is four years  
and the pay for a cadet is \$750 per  
year.

White—formerly of the "Dutch  
Kitchen" now has the lunch and soft  
drink stand in Sam Hill market.  
Meals served 7 a. m. to 6 p. m.

## GOOD SHOES AT A FAIR PRICE

## Men's Shoes

at the store that just sells Men's Shoes, means better values  
and better service, besides a better selection of shoes to  
choose from. We are constantly adding to our stock. Here  
is a new one:

—The "Gotham" is a semi-  
English shaped shoe, giving a  
little more freedom for the  
toes, yet retaining the lines  
of the English model. The  
uppers are of the new, rich  
Brown calf-skin; medium  
weight with oak tanned welt-  
ed soles and rubber heels.

**Price \$9.00**

Notwithstanding the great increase of work in our Electric Repair  
Shop, we are still giving the same best quality of work and service.

GOOD EVENING.  
I have never had a policy. I have simply tried to do what seemed best each day as each day came.—Lincoln.

## WALTER K. ROBINSON

Death has taken another of the men who came to the Santa Ana valley in days when mustard, sycamores, salt grass, tulies, elders and cactus covered its level areas. Walter K. Robinson was one of those who remained here through the days of the valley's adversity, who came to love its mesas and its mountains and who never desired to live elsewhere.

Many of those who knew Walter Robinson as friend and lodge brother in the 70s and 80s long since passed on to the better land, but there remain hundreds of old-timers and many scores of acquaintances of later years, who will feel that his death brings to them a personal loss. His genial smile and his ever-ready jokes always made him a happy addition to any group. His keen memory of events of the long ago furnished many a newcomer and many a member of the younger generation with accurate and pleasurable pictures of events and conditions of pioneer days.

The best thing about an election is finding out afterwards how many things there are after all in which you agree with your friends and neighbors.

## MERIT CONFIDENCE

WHILE THE wave of glittering investments may have receded a little in the past few months, there are still only too many false and get-rich-quick schemes to tempt the unwary investor. It is well that, as a means for offsetting these seductions, the savings banks of the country be given all the publicity possible, as the best depositories for the earnings of the average citizen.

During the past year the national bank capital of the country has increased more than \$118,000,000 and the earnings have increased nearly \$600,000,000. In the same period, failures of such institutions have involved a capital of less than \$205,000. Where is the wild-cat company which can show a balance sheet like that?

John Skelton Williams, Comptroller of the Currency, in speaking of the healthy condition of America's banking system today, says: "No six years in the history of the world have brought convulsions so momentous or intense. The manner in which our banks have endured these ordeals is an impressive indication that they were not tempted from the ways of safety and honesty by the excitement of inflation. The policy of wisdom and of fidelity to trust and responsibility that has kept us sincere is generally uniform, and has guided the smallest and more remote banks as well as the largest at the commercial centers."

In the face of facts like these, the bank leaves little to be desired as a place wherein to deposit money or to which to appeal for advice on investments or monetary matters of any kind. In a world seamed through with recklessness and dishonesty, the banks of America and the men who direct their policies have stood the test unshaken.

## RED CROSS ROLL CALL

"ALL YOU need is a heart and a dollar." Familiar words, but they will shortly be heard again on every hand, appealing from printed page and poster. The fourth annual Red Cross roll call will begin on Armistice Day, Nov. 11, and continue until Thanksgiving Day, Nov. 25. Hereafter Armistice Day is to mark regularly the beginning of the annual drive of the Red Cross for the dollar membership subscriptions of the people of the United States.

The last call resulted in a membership of 10,000,000 strong, exclusive of the Junior roll of 8,000,000. But until every adult and every child in the country is enrolled under the banner of this great society whose watchword is "Mercy," the enrollment will not be heavy enough.

The money now collected will be used to advance the peaceful activities of the organization, which include work among America's World War veterans, especially the disabled; service to the peace-time army and navy forces, including work among their families and the provision of a link between the man and his home in many ways; the establishment and equipment of units to develop the national resistance to disease through work in health centers; preparedness for disaster relief; home service and community work and the completion of relief work among the war-exhausted and disease-ridden nations of Europe.

There is no real need of "selling" the Red Cross to the people of America. Its splendid purpose and achievements are too well known. But just by way of reminder—"All you need is a heart and a dollar."

## WEATHER SIGNS

NEW YORK weather sharps say it is going to be a mild winter because the frogs in the ponds have been singing late, instead of crawling into the mud at the bottom of the pools; also because earth worms are still near the surface, instead of burrowing deep, and snakes are still skimming around. Farmers in the East observe that the familiar black-and-brown caterpillars have only a narrow brown stripe amidst, a sure sign of a late and short winter.

In other parts of the country the testimony of nature observers is contradictory.

The weather experts who look to the heavens for guidance predict a long, cold winter, basing their prognostications on the sun spots.

Men probably know as much about it as animals do, and ordinary common sense is probably as useful as a smoked telescope trained on the sun, with whatever learned deductions may follow therefrom. In California we have learned that one man's guess is about as good as another's. Whenever a so-called weather prophet guesses right, that fact is heralded abroad. When he makes a bad guess, no one is surprised and therefore no one says anything about it.

## No Panic Threatens

Business and industrial adjustment is well along and there is no prospect of a financial panic, or a period of depression. This is the expert view of the Chamber of Commerce of the United States—an organization which keeps its fingers on the pulse of the nation's financial, business and industrial activities. This corroborates the feeling prevalent among intelligent optimists the country over.

It is true that there is a lessened demand, for the time being, for certain lines of manufactures, and that this is affecting manufacturers. Some have shut down, others are working only part time. But there is no indication that the more cautious buying on the part of the people is to affect industry detrimentally for a long period. The people are buying necessities and will continue to buy them, as they should. Manufacturing must and will readjust itself to the people's needs and requirements and fit itself to the buying impulses of the public.

## Lloyd George's Task

San Bernardino Sun—Enactment of an Irish home rule measured by the British government as at present constituted is an achievement ridiculously simple. Mr. Lloyd George has such a majority both in numbers and pliability, as to follow where the little Welshman leads. But enacting such a home rule measure as the battling factions in Ireland will accept is a job worthy the best efforts of the statesman who mobilized British wealth for the winning of the war.

Pleasing a given agency that knows what it wants is possible although often difficult and onerous. Pleasing a given agency that does not know what it wants may be possible but extremely annoying. Pleasing a given agency that wants two objectives of diametrically opposite characteristics is an impossible task. Yet it is this Lloyd George must do before he solves the Irish question. Ulster wants one thing. The South of Ireland wants another. The latter is already battling and starving to reach a goal that it must fight England to a standstill to attain and which, once attained it can retain only by strangling Ulster into submission. The situation, obviously, has entertaining possibilities.

## Start at Once

New York News—The first Americans were Europeans. They were such good Americans that they have supplied a model for Americanism for 300 years. All Americans who came from Europe are not of the same stuff that these Pilgrims were, but all of them ought to be.

They can be if they are taken in hand when they arrive and taught a few things.

The man or woman who leaves Europe to come to America has at least enterprise and independence. That is a great deal.

They usually have also a craving for liberty.

Catch these people in time, make them understand that this is a country of equal opportunity, and that if they work instead of loaf they will attain the blessings for which they came, they will become the best kind of Americans.

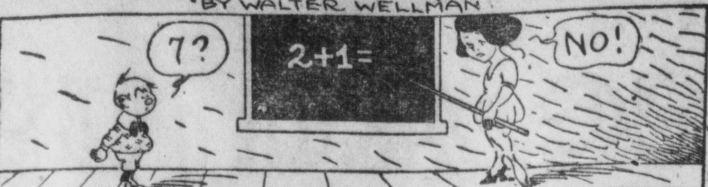

The Pilgrims had to work, and they had to fight Indians to secure the peace in which to work. They had no time to cuss the government, even if there had been a government to cuss.

Conditions made them good citizens. Education and work will make the immigrants of today good Americans. And it cannot be started too early.

## Editorial Shorts

Was it a landslide, a rout or a slaughter?—Pasadena Star-News. The reason truth lies at the bottom of an oil-well is because it can't get a hearing among those who lie at the top.—Market Star. This deflation process is apparently a slow leak.—Cleveland News.

# BILLY'S NICHE IN LIFE

William Wampus was a bonehead when he went to common school. Some folks said his dome was stone dead, and that he'd grow up a fool. He would never, never study and his brain was soft and muggy, so folks said he'd be nobody—but his parents took it cool. At his spelling, he was fearful; his arithmetic was bad, and it made his teacher tearful and mortified his dad. At geography he'd stammer and 'twould take a wedge and hammer if one ever tried to jam a bit of sense into the lad. Ancient History and Latin were as Greek to little Billy; everyone said there was fat in Billie's dome; his brain was nil. And anatomy he hated, as might be anticipated by the teacher delegated such a dome as Bill's to fill.

As Bill's parents had the money, it was natural and right they should send their little sonny off to college just for spite, and, although Bill's head was solid, all the college boys just jollied him and never mollycollied him because he hit 'em right. William's head was built for power, though it wasn't meant for speed; he appeared at just the hour to supply an urgent need. Bill, they thought was sent from heaven just to fill the college 'leven; he was strong and twenty-seven, and his head was hard indeed. So they put him in as center, just because his head was bone and so hard that it would dent a piece of granite or of stone. So at football he succeeded; that's a point that is conceded; he was just the man they needed; he could win a game alone.

## The Red Cross In Peace

Since the Armistice in 1918, the American Red Cross has faced a tremendous and constantly changing duty. It cared for the necessities of thousands of our overseas men on leave. It established itself at the points of embarkation. Sent directors and assistants on the transports and met returning soldiers and sailors at their home ports.

It intensified its work for the sick and wounded in hospitals overseas and established an equally intensive service in hospitals at home. It went with the Army of Occupation to Coblenz, accompanied the expedition to Archangel, went with the troops sent to Siberia.

It is still working in sixty general and post army hospitals and is actively serving in twenty Naval Sick Bays. At Evergreen, Md., it has established and is carrying on the only Reconstructional Institution for blinded soldiers that we have.

During the time of demobilization, its Home Service Department cared for more than eight hundred thousand soldiers' and sailors' families. It identified and photographed the graves of fifty-nine thousand and thirty-two American soldiers and has sent fifty-eight thousand one hundred and eighty-eight of these records to the families and friends of those who made the SUPREME SACRIFICE.

It has continued and brought to a successful close its reconstruction work among the civilian population of Belgium, France and Italy. Through its Junior Red Cross it has been instrumental in saving the lives and insuring the future of thousands of war orphans and helpless abandoned children.

It has co-operated with the nations of the world and with the League of Nations in the formation of a League of Red Cross Societies that shall be international and world-wide in its action. At home the Red Cross has confronted the Revelation of War.

It has found in Health Education and in the teaching of Sanitation and Hygiene a work that is a continuation of its war record. It has furnished over one thousand Public Health nurses as community leaders along these lines.

It has established Health Centers as a medium for health education and the co-ordination of health activities. It has established and trained classes in First Aid in connection with industrial and civic organizations as well as in domestic life.

It has bound together in the Junior Red Cross fourteen million school children in an organization whose ideal is Service and whose program is the breeding of sound American citizenship. It is striving still to be the reserve of the Army and Navy, the auxiliary of the American people and the friend of suffering humanity.

## Worth While Verses

### AFAR, ANEAR

Full silent are the halls of death,  
On earth all clamorous sound,  
Dare I disturb with faintest breath  
The peace that thou hast found?  
  
How may I seek thee where thou art,  
How find where thou art not,  
Who liveth still within this heart  
Beloved and unforgotten?  
—Harry Weir Boland, in the Philadelphia Public Ledger.

## TODAY'S TALK

By George Matthew Adams

### ON GETTING OUR "EARS BOXED."

Life gets pretty irritating at times. And so does each one of us. A reader of these Talks of mine recently wrote that I should have my "ears boxed" for saying that one could do—when they couldn't! Well, that is all right. But it wouldn't solve anything. It probably would do us all a great deal of good, in a temporary way, to have our "ears boxed" occasionally.

But the fact is—that boxed ears are not improved by boxing! They only smart for a little while.

In an unliterary way, however, we are all of us walking around with boxed ears most of the time. We box our own ears, as well as having others box them for us.

Boxed ears listen better after the boxing! So that we shouldn't mind ear boxing too much when it seems to re-act rightly. But let us not box ears that we know nothing about. Let us confine our boxing to ears at home!

My reader friend is probably right, however, that my ears should be boxed. Most of the things I write are for myself first of all anyway, so that I should not object from someone else what I feel is just from myself. I believe in boxing one's own ears often, don't you?

## Jokes, Joshes and Jingles

### WILLING TO OBLIGE.

"So you were in the service," ejaculated the prospective father-in-law of the bashful aspirant to his daughter's hand. "Carry any scars?" "No, sir," replied the would-be bridegroom, "but I've got a deck of cigarettes if you'd like to try one." —American Legion Weekly.

### HAD WORK ENOUGH.

Old Ebenezer was whitewashing his barn one morning with a brush that contained very few bristles. Colonel Judd happened to pass, and said:

Enclosed cars, day or night, city or country trips. Crown Stage Co. Phone 624.

# GLEANINGS

## UNEQUAL LOSSES.

Frederick was sitting on the curb, crying, when Billy came along and asked him what was the matter. "O, I feel so bad 'cause Major's dead—my nice old colie!" sobbed Frederick. "Shucks!" said Billy. "My grand-mother's been dead a week and you don't catch me crying." Frederick gave his eyes and nose a swipe with his hand and, looking up at Billy, sobbed despairingly: "Yes, but you didn't raise your grandmother from a pup." —Harper's Magazine.

## CONCLUSIVE EVIDENCE.

William and Henry, chauffeurs, were discussing the ill-luck of a fellow chauffeur, Clarence, who had the day before been fined for taking out his employer's car without permission. "But how did the boss know Clarence had taken the car out?" asked Henry. "Why," explained William, "Clarence ran over him." —Harper's Magazine.

## AN AUTHORITY ON SCOTT.

"Are you fond of literature?" asked Mr. Brown. "Passionately!" Miss Tubbs replied. "Then you must admire Sir Walter Scott," he exclaimed with sudden animation. "Is not his 'Lady of the Lake' exquisite in its flowing grace and poetic imagery?" "It is perfectly lovely!" she assented, clasping her hands in ecstasy. "I suppose I have read it a dozen times."

"And Scott's 'Marmion,'" he went on, "and 'Peveril of the Peak?'" "I just dote on them!" she said. "And Scott's 'Emielson?'" he said hastily, a faint suspicion dawning upon him. "I think," she said, "that it's the best thing he ever wrote!" —Edinburgh Scotsman.

## MAY UNLOAD HIM YET.

We feel sorry for the New York woman who failed to sell her husband at auction, but she might have better luck if she offered him as a booty price at a card party.—New Orleans States.

## Souvenir

The doctor's small son was entertaining a friend in father's office, and they were looking with awe and admiration at the artificial skeleton in the closet. "When did he get it?" asked the small guest in a whisper. "Oh, he's had it a long time. I guess maybe that's his first patient!" —Life.

## From 8 a. m. to 10 a. m.

### That Bonfire Law.

Just the other day our fire-fighting chief, John Luxembourg, put a notice in the paper threatening arrest for the man who dared burn trash during any hours excepting those designated by law—between 8 a. m. and 10 a. m. Notice that a. m. A. m. means in the morning. And a Los Angeles official tried to get a city ordinance up there to prevent anyone from beating rugs in his own yard.

What all this means? Is there a conspiracy on tap, a deep, dark plot to keep men from doing the work around home that they dearly love to do? Next thing you know they will put a ban on using lawn mowers, and then men WILL howl!

That Santa Ana bonfire ordinance is a terrible trial to a large portion of the population of Santa Ana. Just imagine the domestic conversations that have occurred in many a home since Johnny Luxembourg broke loose with a full-fledged threat to enforce the letter of the a. m. law.

"Willum," says Mrs. Housewife severely. At this point she should look over her spectacles and pause with needle in air.

"Willum," says she, "that pile of trash in the back yard looks terrible. Why don't you burn it. I am sick and tired of seeing it. I'm ashamed to have a tramp come to the door."

"But, Miranda," replies William, virtuously, holding his finger on the Register classified ad he was just perusing. "I dabble. The man Luxembourg'd throw me in jail. Santa Ana has a law agin burnin' trash exceptin' in the mornin's, and you know I gotta hold my job, so I gotta be there on time, and you won't let me burn it on a Sunday mornin' for fear the preacher'd catch me at it."

"Well," replies Miranda, sharply. That is, she jabbed the needle into the shirt she was making for pa. "That sure is a fool law. The city won't haul it away, and they won't let you burn it during the hours when you are at home."

"Now, Miranda, I expect there was some good reason for passin' that law, though I suspect that you'd have a terrible time finding out at the city what the law was made for."

"The law is the law, and I ain't goin' to start in breakin' no law like that, not right after Johnny Luxembourg has put a piece in the paper like he did. It's up to you, Miranda. You'll have to quit your sweepin' and dustin' and stuff like that some mornin' bright and fair, and go and burn that trash. And for goodness sakes, don't catch the garage afire, and don't let it scorch the lemon tree, and don't let the smoke blow in the house, and don't kick up any dust to get on the clothes on the line, and see that it is all out before 10 o'clock."

Frankly, confidentially, on the 4 double T, what do you think of that particular law?

Of course, we are bound to admit that there are a lot of dumb beings who ought not to be allowed to play with matches, or to set fire to brush or trash, or between the hours of 10 a. m. today and 8 a. m. tomorrow, or during any other hours of the day.

There are some men and women who don't know better than to start any kind of a fire out-of-doors during a Santa Ana—excuse me, I mean a desert wind.

There are some people who strike the match and let the fire go as it will. In spite of our recently discovered 8 a. m. to 10 a. m. law, there are people whose trash piles smolder for hours at a time. Always, that kind of a pile lies to the windward of the neighbor's house instead of to windward of the owner's.

We heard some one say—"kinda snappy last night;" then somebody else said—"and damp, too," and then a third somebody asked—"why don't you wear an overcoat or something?" Then we said to ourselves—"That's good logic"—and the last that we heard was somebody saying—"prices are too high." That's the reason "WHY" of this advertisement.

All Wool Overcoats

\$27.50

Overcoats suitable for men of all ages. Single or double breasted models—belt all around or just a belted back—medium or long skirts—part lined or half lined. These coats come in browns, greys, oxfords and beautiful mixtures. Be sure and see them.

## Society

Clubs—Lodges—Churches

Orange County Women  
Will Be at El Centro

A number of Orange county club-  
women will attend the annual con-  
vention of the Southern District,  
California Federation of Women's  
Clubs, to be held at El Centro. The  
convention will open next Tuesday  
morning and will close Thursday  
evening. Members of the Imperial  
Valley Women's club will be hos-  
esses, with headquarters at the Bar-  
bara Worth hotel.

Among the local women whose  
names appear on the program an-  
nounced by the district officials, are:  
Mrs. C. F. Crose, president of the  
Orange County federation; Mrs. J.  
E. Gowen, president of the Elbell  
Society of the Santa Valley, and dis-  
trict conservation chairman; Mrs.  
Terry E. Stephenson, associate edi-  
tor of the Clubwoman; Mrs. A. J.  
Lawton, chairman of the legislative  
council of the State Federation of  
Women's Clubs, and Mrs. T. E. Paul,  
Federation extension chairman.

The delegates from Santa Ana  
Elbell will be:

Mrs. J. R. Medlock, Mrs. L. F.  
Moulton, Miss Flora Pyle, and Mrs.  
A. J. Lawton.

The Santa Ana Woman's club will  
be represented by the following:

Mrs. J. C. Clark, Mrs. P. H. Fin-  
ney, with Mrs. Wells and Mrs. Frank  
Ely as alternates.

## Charming Little Hostess

Little Georgia Pennock was the  
delightful hostess, at her home, 816  
West Fourth street, on the occasion  
of the celebration of her eighth  
birthday, yesterday afternoon. With  
a pretty decorated cake, bearing  
eight candles, to delight the little  
ones, the afternoon was spent with  
games, dancing and music. Refresh-  
ments of ice cream, cake and can-  
dies were served.

Those who attended the happy af-  
fair were:

Marion and James Hawkins, Jose-  
phine and Gertrude Madrid, Louise  
Wiggins, Evelyn Hunton, Dolores  
Velarde, Marguerite Luce, Harry  
Katlan, Vernon Pennock and Geo-  
gia Pennock, the little hostess.

## Shower at Court House

A delightful surprise shower was  
given Wednesday afternoon in the  
courthouse office of Mrs. Joseph Al-  
len, formerly Miss Nora Morris. Mrs.  
Allen is assistant probation officer.  
The courthouse officials swooped  
down upon her, invading her office  
and presented her with a beautiful  
electric percolator. Probation Of-  
ficer Paul Wright made a presenta-  
tion speech, and two verses of pre-  
sentation were read, one by Auditor  
William Jerome, and the other by  
Clerk of the Court E. R. Abbey.

Refreshments were produced and  
the assemblage insisted that Mrs.  
Allen serve coffee from the new pot.  
Judge Z. B. West, of the Superior  
Court, reputed to be one of the best  
cooks in Orange county, was the  
chef of the occasion, and gave Mrs.  
Allen her first lesson in making de-  
licious coffee, at least as far as the  
new pot was concerned.

Mrs. Allen thereupon held an in-  
formal reception for her courthouse  
friends. The county's official du-  
ties were somehow whisked out of  
sight for the time being, and a de-  
lightful half hour was enjoyed in  
Mrs. Allen's office.

The First Elbell Travelers Section  
will hold a meeting on Monday after-  
noon, at the home of Mrs. H. C.  
Dawes, 1413 Spurgeon street. One  
o'clock luncheon will be served.

## Opening Announcement

106 E. 4th St.

## Honor Mrs. D. Edson Smith

Mr. and Mrs. D. Edson Smith

Friends and relatives assembled  
yesterday afternoon at James's ban-  
quet room for a delicious luncheon,  
honoring the eighty-second birthday  
anniversary of Mrs. D. Edson Smith,  
a Santa Ana woman of unique inter-  
est.

Mrs. Smith came to Santa Ana 39  
years ago, the widow of Ransom  
Reid, Sr., of New York State, and  
mother of Ransom Reid, Jr., now a  
rancher on McFadden street. Some  
years later, she was married to D.  
Edson Smith, and they have for many  
years, lived in the unique house,  
built by Mrs. Smith, during her wid-  
owhood. Residents of Orange county  
are familiar with this curious  
home of unusual architectural fea-  
tures, located at No. 605 West Sev-  
enteenth street.

After five years of patient work,  
this house was finished in 1909. With  
the exception of the frame, roof, and  
floor, it was built entirely by this  
skillful woman. She built two chim-  
neys, including a good fireplace. She

mixed all the mortar, and placed  
every brick and stone in the struc-  
ture.

The outside consists of cobble-  
stones, seashells, imitation brick,  
galvanized iron, covered with a pre-  
paration of abalone sand of her own  
devising; pulverized glass, sanded  
wood, painted glass pictures, here  
and there, inlaid with queer bits of  
ancient and modern bric-a-brac.

Mrs. Smith has a rare gift of love  
for such work, and this kind of ac-  
tivity has been her recreation for  
many years.

Beautiful roses graced the table at  
yesterday's affair. The group was  
composed of Mr. and Mrs. D. Edson  
Smith, Mr. and Mrs. Carey R.  
Smith, Mr. and Mrs. John P.  
Hutchins and daughter, Doris, and  
Mr. and Mrs. Ransom Reid, Leland  
Reid, and Miss Elinor Reid.

After the repast, the party drove  
to the unique Smith residence,  
where a happy hour was spent in  
reminiscent stories and anecdotes.

## Altar Society of St. Joseph's.

Despite the many attractions of  
the celebration of Armistice Day,  
the beautiful new home of Mrs. M.  
C. Wilde, 614 East Chestnut avenue,  
was filled with a happy throng of  
Catholic women, members of St. Jo-  
seph's Altar society and of the con-  
gregation, who thoroughly enjoyed  
Mrs. Wilde's genial hospitality yester-  
day.

In honor of the patriotic holiday,  
the lovely rooms were gay with flags  
and bright red carnations, with a  
background of cool-leaved ferns.

The time was passed with progres-  
sive whist, dainty prizes going to  
Mrs. Ashby Turner and Miss Bertha  
Klatt, while the rector, Rev. Henry  
Eummlen, was given first gentle-  
man's prize. (By the way, he was  
the only gentleman present, except  
Mrs. Wilde's manly little son, who  
assisted his mother in her pleasant  
duties.) The hostess was also assisted  
by her mother, Mrs. Sevr.

Those who did not play cards en-  
joyed social chat in another room.  
Late in the afternoon, the small  
tables were spread with dainty  
covers, and sandwiches, pickles, cof-  
fee and various kinds of home-made  
cakes were served the guests.

## Banquet for P. E. O.

The B. I. L. club, which is an auxil-  
iary organization of the P. E. O. so-  
ciety, is composed of lady members,  
whose husbands are members of the  
P. E. O. This much is known of the  
B. I. L., though what the title sig-  
nifies is still a deep mystery, as is  
also the purpose of the organization.

They are giving a banquet on Tues-  
day evening, honoring members of  
the P. E. O. An attractive menu has  
been prepared, and will be served at  
James's cafe.

## S. A. Folk at Beach.

Among the Santa Anans who en-  
ded the holiday yesterday with an  
outing at the beach was a party con-  
sisting of Mr. and Mrs. L. Crasher,  
Mr. and Mrs. T. P. Kingrey and chil-  
dren, Mr. and Mrs. Charles John-  
son, Mr. and Mrs. Frank McCarter  
and daughter, Frances, Mrs. Ma-  
Lash, Mr. and Mrs. J. R. Mayer and  
Mr. and Mrs. A. V. Napier and chil-  
dren. The party started off with a  
clam-digging expedition at Newport  
and ended with a beefsteak fry and  
picnic supper in the pavilion.

## Celebrate Anniversary

Mr. and Mrs. J. Simon Fluor cele-  
brated their twenty-eighth wedding  
anniversary yesterday evening with  
a jolly little family chicken dinner  
at their new home on North Main  
street, which they recently purchas-  
ed from Mrs. Addie Stockslager.

The table was centered with rich-  
hued chrysanthemums and Mr. and  
Mrs. Fluor were presented with a  
beautiful rosette primrose.

Besides the immediate family, cov-  
ers were laid for the hosts' daughter  
and family, Mr. and Mrs. Harvey  
Gardner and little son, Jack, and  
Jim Smith.

## Dance Planned

The young folks of Santa Ana are  
looking forward to a special Armis-  
tice Dance, to be held at the hall at  
the corner of Third and Spurgeon,  
tonight. Special music by Chap-  
man's orchestra is promised. There  
will be prizes and surprises. The  
"hop" is being given under the aus-  
pices of Santa Ana Post, No. 131,  
American Legion.

To Hold Picnic  
Former residents of the state of  
Minnesota, now living in Santa Ana  
and other Orange county communi-  
ties are looking forward to the big  
picnic to be held under the auspices  
of the Minnesota Society at Bixby  
Park, Long Beach, Saturday. It is  
expected that the attendance will be  
large.

## PERSONALS

Dr. and Mrs. J. E. Paul, together  
with Mr. and Mrs. J. E. Gowen, will  
motor to El Centro, Sunday, to at-  
tend the convention of the Southern  
District of the Federation of Wom-  
en's clubs, to be held the first of  
next week.

Mrs. G. P. Hill and Mrs. Harriet  
Earl Spoke for the women and F.  
Fylin and Walter Ferris spoke for  
the men.

The speakers were all very en-  
thusiastic and afforded those pres-  
ent a most enjoyable evening. The  
judges, after much deliberation, gave  
the decision in favor of the negative.  
Dr. and Mrs. J. A. Stevenson of  
the Presbyterian church were guests  
of the evening and Dr. Stevenson  
in his own inimitable style gave an  
instructive talk on church work.

The Sunday school orchestra, led  
by Professor Haynes, furnished mu-  
sic, which added much to the en-  
joyment of the evening. One  
hundred and ninety-six were pres-  
ent and voted it a very successful ven-  
ue for the Men's Club.

White—formerly of the "Dutch  
Kitchen" now has the lunch and soft  
drink stand in Sam Hill market.  
Meals served 7 a. m. to 6 p. m.

## The Columbia Grafonola is the Phonograph Plus

Here are five reasons why the Columbia Grafonola excels all other phonographs:

1. **Exclusive Tone Leaves.** Give complete and accurate control over tone volume.
2. **Straight Tone Arm.** Allows the sound waves to develop fully and naturally.
3. **Scientifically Correct Acoustic Design.** Gives exquisite clearness and purity of tone.
4. **Streamline Cabinets.** In perfect accord with modern artistic furniture design.

Plus

5. **The Only Non Set Automatic Stop.** Never stops before it should. Always stops at the very end. Nothing to move or set or measure. Just start the Columbia Grafonola, and it plays and stops itself.

Come in today and let us demonstrate the stop that needs no setting.

## SWING PLANNING TO MEET WITH LEADERS HERE

Congressman-elect Phil D. Swing of El Centro will be in Orange county early in February for the purpose of gathering detailed information that will be of use to him in Washington in his efforts to secure tariff adjustments and in his efforts to secure recognition for Newport Harbor.

At that time Swing will hold conferences with representatives of the various industries that will need his support in congress. It is probable that there will be a meeting with citrus growers, another with walnut growers and another with the bean growers. He expects to confer with Newport harbor representatives for the purpose of outlining with them a program of strategy.

"When campaigning in Orange county," says a letter from Swing, "I secured a great deal of information concerning the various situations in Orange county. My visit in February will be not only for the purpose of getting further details but also for getting viewpoints as they may be at that time, just previous to my departure for Washington."

## MILK PRODUCERS OF COUNTY CONSIDER NEW FEED PURCHASE PLAN

Members of the Milk Producers' association of Orange county met in conference with T. H. Brice of Los Angeles, secretary of the Southern California Milk Producers' association, this morning in the Farm Bureau office.

There was brought up for discussion the proposition of the Orange county association obtaining dairy feed from the Southern California body at rates lower than are possible in usual markets. The possibility of uniting in the acceptance of this purchase privilege, offered by the Southern California organization, was considered.

It was decided to hold a meeting of the county association at least once a month.

Members of the county body were invited to attend the Southern California association meeting in Los Angeles on November 26.

## LOCAL BANKERS ARE GOING TO EL CENTRO

At least six Orange county bankers will attend the meeting of Group Four, California Bankers' Association, at El Centro, tomorrow evening.

J. J. Crookshank, president, W. B. Williams, cashier, and J. H. Turner, assistant cashier, all of the First National Bank, E. B. Sprague, cashier of the Orange County Trust and Savings Bank, W. A. Huff, president of the Farmers and Merchants Savings Bank, and J. M. Woodworth, of the Garden Grove bank, planned to leave for El Centro by automobile this afternoon. It was their plan to be at San Diego tonight and to go on to El Centro tomorrow. They will return home Sunday.

At meetings of the bankers of this group, matters of common interest to the banks are considered. San Bernardino, Riverside, Orange, San Diego and Imperial counties comprise the group jurisdiction.

## CLOTHING VALUED AT \$100 IS STOLEN

The house of A. Zirinsky, 1028 East Fourth street, was entered last night and \$100 worth of clothing taken, according to a report made by Zirinsky to City Marshal Sam Jernigan this morning.

Jernigan detailed Officers Ryan and Elliott to the case, and a diligent investigation was in progress today.

The house was entered, according to reports, by a side window. A blue suit of men's clothing was taken, and a woman's brown suit, with fur trimmings, as well as numerous smaller articles.

Jernigan is of the opinion that the theft was perpetrated by someone familiar with Zirinsky's movements.

## TWO VALLEY TRACTS SOLD.

CALIPATRIA, Nov. 12.—John Mitchell has purchased 40 acres of the Pearson ranch, seven miles north-east of Calipatria, in the fruit and vegetable section. W. R. Harper also bought 40 acres of this ranch and will put 20 acres into grapes.

## 65 TONS HAY BURN.

CALIPATRIA, Nov. 12.—Sixty-five tons of alfalfa hay burned on the Stevenson ranch, west of Calipatria at a loss of \$1500. It was fully covered by insurance.

\$3.00 Clocked Silk Hose \$1.98—not \$2.98, as it appeared in Leipsic page advertisement yesterday.

Night school at O. C. Bus. College. (Advertisement.)

## MRS. LAURA RARICK, of Peoria, Ill., who says she believes she is the happiest woman on earth since Tanlac so completely restored her health. Regains 50 pounds which she lost during a period of ill health which lasted eleven long years.

## SHOP AND STUDIO JOIN IN RECEIVING

A reception is to be given tomorrow afternoon and evening by Miss Nellie Sumner and Miss Mary Smart at the opening of the Sumner Shop and the Mary Smart Studio, upstairs at 111 1/2 West Fourth street.

The reception marks the change of name of the Hickox Studio to the Mary Smart Studio. Miss Smart, who is well known as an artist in photography, for a number of years was chief assistant to L. P. Hickox and bought the studio from his estate.

Miss Smart continued the business under the name of the former owner. Some of the very fine work that Miss Smart does in photography will be on exhibition at the reception tomorrow.

Some time ago the Sumner Shop moved from a ground floor on Fourth street to its present location at 111 1/2 West Fourth street. This shop has a high standing among local people of artistic tastes and training. Friends of Miss Sumner who have not visited the shop recently will be delighted with its arrangements and its wares.

## If your skin itches and burns, just use Resinol

If you are suffering from eczema, ringworm, or similar itching, burning, and sore skin affections, bathe the sore places with Resinol Soap and hot water, then gently apply a little Resinol Ointment. You will probably be astonished how instantly the itching stops and healing begins. In most cases the sick skin quickly becomes clear and healthy again, at very little cost. Resinol Ointment and Resinol Soap also clear away pimples, redness, roughness and deadness. Sold by all druggists.

## EQUIPMENT IS NEEDED FOR POLY SHOPS

An investigation of the machinery in the high school shops was being made today by the board of education in accordance with a request made by H. N. Alleman, head of the shops department, who asked that his allowance be extended for the purchase of additional equipment needed in connection with the installing of machinery purchased from the government.

Alleman told the board that equipment, which will cause the allowance to be exceeded by about \$200, is absolutely needed or much of the machinery cannot be used. He also said equipment which will cost about \$400 is needed or the efficiency of some of the machinery will be impaired about fifty per cent. This latter equipment, Alleman said, can hold over until later, if necessary, but is really needed.

Alleman asked for an allowance of \$4,500 when he submitted his budget last spring, but owing to a lack of funds was granted only \$2,000. At a recent meeting of the trustees a ruling was made providing for approval, by the board, of any expenditures in excess of the allowance made to any department.

The board of education, at a meeting Wednesday evening, authorized J. A. Cranston, city superintendent of schools, and Ernest Crozier Phillips, head of the department of oral expression at the high school, to go to Los Angeles tomorrow to inspect stage equipment in connection with needs of the new high school auditorium.

Cranston and Phillips will be guests of a theatrical equipment company whose representatives displayed samples here a few weeks ago, and will visit various Los Angeles theaters where curtains and other equipment have been installed by the company.

Cranston has been authorized by the board to purchase a curtain and other materials if he can obtain a price within the allowance granted by the board of education.

## CONTEST INVOLVES \$2,000,000 MINE

KINGMAN, Ariz., Nov. 12.—Hearing of the suit brought by the Tom Reed mine against the United Eastern mine, involving an ore body valued at about \$2,000,000, was resumed today in the Mojave county here.

The ore body is on United Eastern ground and is claimed by the Tom Reed interests under the Apex law which gives the discoverer of the apex, or top of a vein, the right to the entire vein even though it should pass under the surface of another claim.

## OBJECTIONS FAIL TO BAR MARRIAGE

George Galliana, 22, of Los Angeles, against whom Joe Curtis of Los Angeles swore out a complaint charging him with the abduction of his daughter, Anna Curtis, whom her father claimed was only 17, was today on a honeymoon with his bride despite strenuous parental objections which had been interposed.

Galliana and Miss Curtis appeared at County Clerk J. M. Back's office asking for a license several days ago, and were refused because Backs doubted the girl was 18. Shortly afterward Sheriff C. E. Jackson received a call from Sheriff Cline of Los Angeles asking that Galliana be held. The couple, however had disappeared.

It seems that from here they went back to Los Angeles, where they applied for a license. Galliana and the girl were immediately taken into custody. Upon questioning the pair, however, officials found that the girl was 18, and that she had not only not been abducted, but had gone more than willingly with Galliana.

"My parents want me to marry a man about 50 years old because he has some money. That's the real trouble," Miss Curtis told the officials.

Officials in the district attorney's office in Los Angeles dropped the complaint and refused to interfere, and when the matter was explained to Miss Emma ("Cupid") Higgins in the county clerk's office in the Angel City, she issued the pair a license, and they were married shortly afterward. No further objections were voiced to the officials by the girl's family.

Those whose interest runs to the world of sports and outdoor games, will find articles by the greatest sporting writers of the country on the sporting page of the Los Angeles Examiner.

## THIEF HAS SWEET TOOTH.

LONG BEACH, Nov. 12.—Eight clocks, a dozen watches, boxes of candy valued at \$32 and a dozen safety razors comprised the loot of a thief who operated here. The list wouldn't indicate it, but the place he robbed was a drug store at Anaheim street and California avenue. He got in by removing a section of glass from the front door.

Broad visioned business men plan for land and ocean transportation with the world for their market.

## Legal Notices

### NOTICE OF PUBLIC WORK

Notice is hereby given that the Board of Trustees of the City of Santa Ana, California, proposes to award contracts for the construction of the following street pavements:

Jefferson school, fronting on Durant St., approximately 6800 sq. ft., 1-2-4 concrete base, 4 inches thick with steel top finished surface.

Roosevelt school fronting on E. Walnut St., approximately 7200 sq. ft., 1-2-4 concrete base, 4 inches thick with 1 1/2 inch asphalt wearing surface.

Polytechnic High School fronting on W. Walnut St., approximately 20,000 sq. ft., 1-2-4 concrete base, 4 inches thick with 1 1/2 inch asphalt wearing surface.

All to be constructed according to plans and specifications on file in the office of the City Engineer.

Proposals for submitting bids must be obtained at said City Engineer's office.

A certified check of 5 per cent of bid must accompany each bid.

Bids will be received by the City Clerk of said city up to the hour of 5 p. m. Nov. 25th, 1920.

The Board of Trustees reserves the right to reject any and all bids.

E. L. VEGELY, City Clerk.

## S. A. MINISTERS EXPOND VIEWS ON MARRYING DIVORCED

Pastors Defend Themselves  
Against Declaration of  
Evangelist

### DIVORCE EVIL DECRIED

Majority Say Careful Inves-  
tigation of Separation  
Causes Needed

Although admitting that divorce is one of the greatest evils of civilization today, members of the Santa Ana ministry, interviewed today, defended themselves against the statement made by Evangelist Albert C. Fisher before an audience at the First Methodist church, Wednesday evening, that "any preacher marrying divorced people is not loyal to the Kingdom of Christ."

Almost as a unit the ministers declared they recognized unfaithfulness the only Scriptural ground for divorce and that under those circumstances they had no objections in marrying the innocent party.

The majority of divorce cases, one minister stated, can be traced back to unfaithfulness, although courts take cognizance of other grounds.

Statements by Santa Ana ministers on the divorce evil follow:

Rev. G. N. Greer: I am opposed to marrying divorced persons, and stand with the evangelist on the matter. We must make a stand somewhere on the question. I have married parties where one of them had been divorced, but I do not like to do it. In the few cases I have done so I have looked into the circumstances on both sides very carefully.

Rev. J. A. Stevenson: I have no objection whatsoever to marrying those who have been divorced, if the divorce was obtained for a good reason, preferably a Scriptural reason. There are a great many silly divorces now-a-days, where the husband or wife asks a divorce because of some trivial incident or dislike which he or she has the nerve to call cruelty. Such people have proved that they had no right to be married in the first place, and naturally have no right to be married again. There is usually an innocent and a guilty party to a divorce. I have no hesitation in re-marrying the innocent one.

Rev. John Oliver: Our church stands on the ground that there is only one Biblical cause for divorce, and that is violation of the sacredness of the marriage relation. If there is such a ground I have no objection to marrying the innocent party. I believe all pastors should make a careful investigation of the facts of the divorce before marrying a couple where a divorce has been involved in the life of one, or both of them.

Rev. B. Y. Neal: We recognize merely one Biblical reason for divorce, that of unfaithfulness, as being sufficient ground for a divorce. Hence, I refuse to marry those who obtain a divorce on any other ground. Of course, in some cases a divorce is obtained on the ground of desertion when the real reason is unfaithfulness. In such cases I have no objection to marrying the innocent party. We do not regard the court's decision on any other ground as being scripturally correct at all. The court's opinion in giving a divorce has nothing to do with the Biblical attitude of the church in the matter.

Rev. F. T. Porter: I feel that the

(Continued on page eight.)

## Little Sufferers from Tuberculosis Are Tendered Aid

Through the occupational therapy classes maintained in various parts of the United States by the Society for the Prevention of Tuberculosis, many patients are enabled to develop artistic talent. This illustration shows a little sufferer from tuberculosis. She is holding a doll made by herself. The classes are made possible through funds derived from the sale of Christmas Seals.

"Occupational training is the newest advance which has been made in the fight against tuberculosis by the Tuberculosis Association of California. The showing which has been made during the past year, especially among the children at the Marvin Preventorium, has been remarkable."

This was the statement made today by Dr. John Wehrly, president of the Orange County Anti-Tuberculosis Society, in discussing the vigorous fight which is being waged against the dread disease by the people of California. The work is maintained by the Christmas Seal sale, which starts early in December.

"The Preventorium and the occupational classes throughout the state in which patients and sufferers unable to support themselves by their usual trades or by hard manual work are taught new occupations, in order to aid them in becoming self-supporting, are a real blessing," said Dr. Wehrly. "Not only do these classes aid them financially, but they also keep them occupied and keep their minds off their condition, which all specialists agree is a great aid to convalescence."

"These classes are maintained by the funds gained from the Christmas Seal sale. The generosity of the public has been growing year by year in this sale, as the importance of making the most vigorous fight possible against tuberculosis is realized. We are hoping for a greater sale than ever this Christmas, as we wish to spread and develop this occupational training into every community where there are sufferers."

"The principal trades taught the patients are basketry, weaving, painting, bead work and similar pursuits. Scores of novelty ornaments have been made under the direction of teachers maintained by the California Tuberculosis Association, and the demand for the finished articles is growing to such an extent that many of the patients, particularly the children, are getting a tidy sum for their efforts. Thus, not only are the sufferers benefited financially, but their lives are brightened, their minds occupied, and the great dread of financial misfortune removed from their lives."

"We intend to make a strong campaign for the sale of the Christmas Seals this year in Orange county, which is one of the wealthiest, and which has always been one of the most generous counties in the state." The Seal Sale, it is understood, will start about December 10, and continue right up to Christmas eve, many.

If you need help or advice write to the Los Angeles Examiner. Special writers are willing to help you.

## CITIZENSHIP TO BE SOUGHT BY 19 IN COUNTY

Superior Court Will Pass On  
Applications Within  
Month

Nineteen aliens will come before the Superior court within the next month for the purpose of receiving their final citizenship papers, according to records on file at the office of County Clerk J. M. Backs.

Eleven various nations or colonies are represented in the list of applicants.

England and Germany have the highest representation on the list, with three former citizens each. However, England has decidedly the best of it if its colonies are counted, for there are three Canadians, one Welshman, on Scotchman, and one Irishman applying for the papers, in addition to those from the actual soil of Morrie England itself.

Two Austrians also are applying for citizenship, as well as one Russian, one Dane, two Hollanders, and one Belgian.

Following is a list of those whose petitions will be heard within the next month, the country of the applicant's nativity and his present place of residence being given in each case:

Herman William Uphal, Germany, Tustin; Carl Walter, Germany, Anaheim; George Henyesdall, England, Harper; Theodor Nelson, Denmark, Santa Ana; Johannes De Graaf, Holland, Garden Grove; Thomas Wilson Burnett, Ireland, Orange; Herman Stubaan, Germany, Anaheim; George Grant, Scotland, Orange; Edward Albert Davison, England, Santa Ana; Frank Edgar Miles, Canada, Anaheim; Gracomo Colombini, Russia, Santa Ana; Lionel James Lippert, England, Santa Ana; Fannie Kaspar, Austria, Buena Park; Nelson Du Bois, Canada, Santa Ana; Harry Withornas, Canada, Fullerton; Louis Nyssen, Belgium, Orange; August Schweiger, Austria, El Toro; Jan Schank, Holland, Huntington Beach; David Rees, Wales, Brea.

## PRESENT DAY CLUB WILL HEAR MILLER

At a meeting to be held by the Present Day club tonight, the things that go to make a California city beautiful are to be discussed by Frank A. Miller of Riverside, master of the Mission Inn.

The meeting is to be held at the home of Judge and Mrs. W. H. Thomas, 425 West First street, beginning at 7:45 o'clock.

Miller's love of California romance, and his ability to fit romance into practical hotel and civic aspirations, have made him an authority on the subject upon which he is to speak, "The City Beautiful."

His personality and ideals have made the Mission Inn at Riverside famous the world over.

Following the talk by the visitor, there will be two vocal solos, and Santa Ana's city beautiful problems.

## FINDING FORMATION STILL CONGLOMERATE

PLACENTIA, Nov. 12.—Some good drilling has been done on the Placentia Oil Co. well now making hole at 2600 feet. The formation is still in the hard conglomerate.

The Placentia Pacific Oil Co. held up in the last two weeks of its operations, is now making up for the lost time. At 1500 the formation is sticky shale.

In the two weeks the Ridge Oil Co. has been operating 950 feet of hole has been made. While the record is not the biggest that has been made, yet it is good for careful and consistent drilling.

## SHIP MASTER SPENDS 10 DAYS ON BRIDGE

NEW YORK, Nov. 12.—Capt. John Goulandris, master of the Greek liner Themistocles, in from Piraeus will get a loving cup for the gallant way he brought the ship through a ten-day storm that lasted until Sunday. He remained on the bridge until the fierce blow moderated, and by his assurances calmed timid passengers who thought the Themistocles was bound for Davy Jones.

Dr. Dimeteros Konstantinides, who was bacteriologist for Charleston, N. C., came on the ship. He went to Greece for his family a year ago and found his estate at Avalla in ruins. Only about a quarter of the normal population of the place, about 40,000 was left.

The town had been sacked by Bulgarians and Turks and most of the inhabitants either killed or captured. The doctor's wife and her mother were among the dead.

ALLEGED EMBEZZLER  
WAIVES EXTRADITION

SAN FRANCISCO, Nov. 12.—James J. Tierney, arrested here on a charge of embezzlement of approximately \$50,000 from a Chicago bank where he was employed, waived extradition today and an order was signed in the United States district court for his removal to Chicago. Tierney admitted embezzlement to the court and said it had gone on for two years.

## W. K. ROBINSON, S. A. PIONEER, PASSES AWAY

Resident of Valley for 67  
Years Answers Last  
Call Here

Walter K. Robinson, native of California and resident of the Santa Ana valley for the past forty-eight years, is dead.

Death came to him suddenly yesterday afternoon at his home, 220 South Sycamore street. He was 67 years of age.

Funeral services will be held at the Mills and Winbiger Mission Funeral Home tomorrow afternoon at 2 o'clock.

Besides the widow, Mrs. Margaret Robinson, he is survived by two sons, Louis and Walter K. Robinson Jr., and four daughters, Mrs. R. W. Diver, Misses Irene, Anne and Hester Robinson.

Mr. Robinson suffered a stroke of paralysis about six months ago, his left side being affected. Recently he had been feeling much better and yesterday morning came to Santa Ana from his ranch in Trabuco canyon.

In the afternoon he went for a short walk, visiting at the home of Miss Lottie Palmer, about a block from his residence. Returning, he had nearly reached home, when he suddenly became ill. Mrs. Sam Dungan and Mrs. W. L. Duggan, neighbors, happened to be near and he told them he was feeling ill. They caught him as he was about to fall and placed him on a lawn. Later he was carried to his home by J. R. Fowler and others and he expired a few minutes after the arrival of a physician. Hemorrhage of the brain was responsible for the sudden death.

Mr. Robinson came to the Santa Ana valley in 1872 from Santa Clara. His parents preceded him by a year. The family located on what is now the ranch of Otis Bridgeford, on South McClay street, erecting a house at about the same spot as that occupied today by the Bridgeford home.

Purchasing a ranch in the early days in Trabuco canyon, Robinson engaged in the raising of live stock, devoting himself at one time to the raising of blooded horses. He was an active promoter of county fairs in the early days and entered horses in many of the harness races. The horses raised by Robinson that were best known on the track were Oille and Odd Fellow.

He served efficiently for a number of years as deputy state game and fish commissioner and game warden for Orange county. His activities in this capacity and in various factors in the development of the county made him well known throughout Southern California.

Of an optimistic and congenial nature, Walter Robinson was well liked by those who knew him. He was big hearted and a dependable friend. He was a member of Santa Ana Lodge, 794, B. P. O. E. and Santa Ana Lodge No. 236, I. O. O. F., being a charter member of the latter.

He was a brother of Mrs. Martha Ritchey of this city and William Robinson, an uncle of Mrs. Ransom Reid and Miss Mattie Ritchey of this city.

Born in 1853. He was born at Santa Clara, on Sept. 9, 1853, and was married in this city to Miss Margaret Waite in June, 1883. All the living children were here at the time of his death, except Walter K. Robinson Jr., who is at the state university at Berkeley, Mrs. R. W. Diver, who resides at Brawley, and Miss Hester Robinson, who is at Buenos Aires, Argentina, an advertising representative of a New York exporting firm.

He was a brother-in-law of Ed F. Waite, Mrs. G. W. Young, Mrs. Olive Lopez, and Mrs. Horace Fine, and son-in-law of Mrs. L. Waite of Santa Ana.

## HERE'S PRESIDENT-ELECT WITH POSSIBLE MEMBERS OF CABINET

Who will be in President-elect Harding's cabinet? There are many guesses. Here are nine prominent Republicans frequently mentioned for cabinet posts. Reading from upper left down—Herbert Hoover, often mentioned for the post of secretary of interior; Henry Cabot Lodge, for secretary of state; Governor Lowden, of Illinois, secretary of treasury; Senator Knox, former secretary of state, again may hold that position; Committee, is slated as postmaster general; Senator Capper, Kansas, secretary of agriculture; former Senator Sutherland, of Utah, mentioned as a strong cabinet possibility, and General Wood, picked as the next secretary of war.

## FAMOUS 'ACE' TO VISIT IN S. A. WITH BROTHER

Eddie Rickenbacker, America's foremost "ace," will probably be in Santa Ana either shortly before or shortly after Thanksgiving Day.

This was the statement made today by his brother, D. C. Rickenbacker, 210 East First street, Santa Ana, who is employed as automobile foreman at the local branch of the Southern Counties Gas Co.

Rickenbacker recently received a letter from his aviator brother, who

## TEDDY BEAR CARRIES KICK IN STOMACH

NEW YORK, Nov. 12.—Here's a Teddy bear that had a kick in him. Revenue officers discovered a Teddy bear on board the steamship Morro Castle. Investigation showed that its stomach was a depository for four bottles of whisky. A hot water bag hidden in the ship's forecabin contained two bottles of gin.

## STRIKE BY BAKERS BRINGS BREAD LINE

MADRID, Nov. 12.—Bakers in this city have declared a strike. Government authorities have taken steps to supply the people with bread and military bakers have been called to the ovens. They were unable to fill all demands, and lines of people stood all day outside of shops.

## VICTORY MEDALS PRESENTED TO VETERANS OF WORLD WAR

150 Former Service Men at  
Birch Park Are Given  
Decorations

### THRONGS AT BIRCH PARK

Ringling Speeches Made In  
Celebration of Signing  
of Armistice

Presentation of Victory medals, addresses eulogistic of the veterans of three wars, stirring patriotic airs by the brass band and vocal music appropriate to the occasion featured the Armistice Day program given at Birch Park yesterday afternoon under the auspices of Santa Ana Post, No. 131, American Legion.

Hundreds of residents of Santa Ana and vicinity gathered to do honor to the heroes of the World War and to witness the presentation of medals. About 150 former service men were decorated, their names being called by Major M. B. Wellington, presiding at the exercises. The medals were passed out by Dr. John Wehrly, with Clyde Whitney checking the names as each individual responded and accepted his award.

The exercises of the afternoon opened with a half hour concert by the Santa Ana band. The formal program was opened with the audience joining in singing one verse of "America" and was followed by the invocation, pronounced by Rev. J. A. Stevenson, pastor of the First Presbyterian church.

The preamble to the American Legion's constitution was read by Stanley M. Reinhaus. It was the first time it had been read in public in Santa Ana. "Longing for Home" was rendered as a cornet solo by Julian Mathews. Other numbers were a vocal solo, "Your Flag and My Flag," by Mrs. H. M. Sammis, and "The Return," by George Phillips.

Langley Gives Address

Judge E. T. Langley, representing the G. A. R., delivered a brief address in his usual forceful manner, paying tribute to the veterans of all wars as well as the "stay-at-homes."

"It requires no painting to engrave on the mind and memory the recruiting scenes of '61 to '65, when from all this nation company after company was sent southward amid tears, prayers and fervent farewells," said Judge Langley. "It is an old soldier's saying, but a true one, that 'it is much easier to make a charge than to stand one.'"

"My comrades, and I mean by this veterans of all wars, we went to the front and in the din of battle made the actual charges, but our fathers, mothers, wives, sisters, brothers, children and sweethearts who remained at home suffered the results of those charges. We marched away with light hearts, but our kin we left with bowed heads and tear-stained eyes."

"You may have stormed the strongholds of Donaldson or Vicksburg, fought on the bloody fields of Shiloh,

116 East Fourth St.

## ONE SIN USUALLY BRINGS RUIN, CLAIM

The story of "the rich man being hardly able to enter the kingdom of heaven" was discussed by Evangelist Albert C. Fisher last night at the First Methodist church, in connection with the topic, "One sin usually our undoing and loss." The speaker said, in part:

"Ninety-nine times out of a hundred it is just one sin that hinders a soul from knowing Christ. No one can be saved until he breaks with sin, and some one sin is at the basis of separation from God. Leave sin and you will come to Christ. Doubts are the product of sin, and as soon as you break with sin, Christ will become your logical and spiritual companion."

"Sin is the one thing that has blackened and saddened the history of the race; every tear, every crepe on the door, every tombstone is an evidence of sin. Sin nailed the Christ to the cross and murdered Him in black hatred. The great war was the product of sin. Why will men claim to be intelligent, and continue fellowship with sin?"

"Man cannot be saved until he realizes he is lost. Many men are lost before they find it out, and their mistake carries them farther away from the known path. Christ came to seek and to save the lost."

Beginners' class meets Monday and Thursday at 7 p. m., at home of Mrs. Olive Lopez, 519 West Fifth. Terms \$4 for eight lessons, in advance.

## Women of All Ages and Times

Set your mother, aunt, grandmother, they will tell you of folks they have known who were cured of the many distressing, painful diseases which occur in most women's lives, by taking Dr. Pierce's Favorite Prescription, which is sold by druggists, in both fluid and tablet form. What women say:

Mrs. Cora Pick, 3004 Martin St., Spokane, Wash., says: "When I was sixteen years old the local doctors all said there was no hope for me that I would die inside of six months of consumption. I read an advertisement in a paper about Dr. Pierce's Favorite Prescription and what it had done for other girls. I got a bottle of it and commenced to feel better right away and before I had finished the second bottle was all right. Have been regular ever since and am as healthy as any woman."

Mrs. W. D. Moore, 1246 No. Jackson St., Roseburg, Oregon, says: "I suffered something terrible, could scarcely stand on my feet. My head and back ached hard and I was weak and nervous. My legs and feet ached—wouldn't bloat, and I was troubled with constipation. I had a severe pain in my side. I took Dr. Pierce's Favorite Prescription and Pleasant Pellets and they cured me and I was well and strong. Then, during middle life I again took them and got through so well."

Mrs. R. B. Ralph, 60 Terillum St., Redding, Calif., says: "Dr. Pierce's Favorite Prescription is perfectly wonderful. I owe everything to this medicine. When I was passing through middle life I had hemorrhages, also suffered severe pain and had terrible headaches. I suffered everything. Finally, I decided to take the 'Favorite Prescription'; it stopped the headaches, the pains and the hemorrhages. I never had any more trouble."

## VICTORY MEDALS ARE PRESENTED TO VETERANS

(Continued from page seven)

Andetam or Gettysburg, or above the clouds at Lookout Mountain; you may have gone with Dewey to Manila, up San Juan Hill with Roosevelt, or through the Forest of the Argonne, but none ever made a charge that needed the nerve required by our relatives and friends at the parting scenes.

Deeds Must Go On  
"And now, my comrades, let me say I cannot and must not be truthfully said that our good deeds ended with the war. There are large fields before us and the harvest is ripe. Let our good deeds go on, and on, and on, until the last reveille has died away, taps have been sounded and our lights have gone out in this world forever and forever."

The Spanish-American War Veterans had a place in the program with an address by Attorney C. L. Bishop, a veteran of that war. With the flag carried by Company L of the old Seventh regiment, before him, Bishop said:

"This is the first flag ever carried at the head of a military organization leading Santa Ana for service in defense of the nation. It was the flag of Company L, Seventh regiment, when that company left Santa Ana on May 5, 1898, to take a position with the fighting army assembled by Uncle Sam for the purpose of protecting this nation against the armies of Spain.

"It is not as old a flag as that of the G. A. R. as new as that of the American forces in France, but it was supported by men of just as much force, by men just as willing, just as patriotic and just as devoted to the purpose that it should not come back dishonored.

Three Greatest Events  
"Armistice Day marks one of the three greatest events in history—the Declaration of Independence, the emancipation, and the victory of Old Glory on the fields of France.

"The Spanish-American war veterans carried the flag across the Pacific and planted it at Manila as our standard of manhood. The World War veterans carried it across the Atlantic to France as the emblem of a free people.

"Let us keep up the bars to every man and woman who comes to this country from a foreign land and who has not intellect enough to absorb the fundamentals of this nation and who cannot love our land and who cannot obey our laws."

Members of the American Legion were grouped to the south of the bandstand, and District Attorney L. A. West, in presenting the Victory medals, directed his remarks to them. West spoke as follows:

To Honor Heroes  
"In commemoration of deeds of valor and heroic service, memorial tablets are dedicated to and monuments erected in honor of dead heroes. Today, the second anniversary of the great Armistice, in the presence of a host of servants of our common country, we are assembled at the bidding of our nation through the American Legion to do honor to the living heroes of our mighty victory in not only the greatest crisis of our country, but of the whole world—the crisis of civilization.

"For months, even years, we thought as a nation in ardent hope that the ruthless hands that sought to bedaub the civilization of Europe and rule the world by force and through fear would not reach the shores of America. The dream was vain.

"As from an alarm in the still hours of the night we awoke not only to our peril, but to our duty as well. The toxin was sounded, the ensign was raised from the mountains to the seas, the armed hosts of America poured forth. A lifetime seemed to be lived in the seventeen months from April, 1917, to November, 1918, in which time a nation's duty was done, a world's task was accomplished. God still reigns and civilization as established still lives and advances.

Sorrow as Well as Pride  
"In our rejoicing, however, there is sorrow as well as pride. When we think of the dark night, the muddy trench, the rocket's glare, the bursting shell, the agony of the wait, and the zero hour, when we think of Chateau Thierry, St. Mihiel, Belleau Wood, Lys, Ypres, and the Argonne Forest, glorious as was the conquest and triumphant as was the victory, our heads are bowed and our hearts are heavy, because they crossed the seas, taps have sounded and muffled drums have beaten for many who do not answer save in the memory of a gallant death, for they now rest on fame's eternal camping ground.

"Should clouds again lower, or dangers threaten, or perils seek to enter the portals of our country, no prouder privilege could be desired than to step forth and cry, 'Stand up, ye dead, who offered up the full measure of your devotion upon the altar of your country and point the way to the pathway of duty and sacrifice as ye walked in it to a glorious death.'

"After all, what is it that impels man to such heroism? It is home, hearthstone and fireside, whence emanates the spirit that keeps the flag aloft against every breeze, the flag that typifies America visualized, of liberty under law, equal opportunity to all, the hope of America.

Strike Down Traitors  
"He who has worn the uniform of his country and rendered a service to his nation and civilization has a vision of such scope that he will see the invidious hand that seeks to lower his country's flag, whether it be by I. W. W.-ism, Bolshevism, or anarchism, and will strike it down as he would the traitor's hands.

"Nations, as well as men, sometimes survive because of the follies of fools, and when any force of disorder seeks to shoo down ex-service men in line of march, men of service and of vision, it crystallizes the sentiment of 24,000,000 registered ex-service men against violence and disorder and thereby to its own folly drives its own element from our country. So it will continue to be with the American Legion, to those

## PIONEER CALIFORNIA MINER PASSES AWAY

PLYMOUTH, Nov. 12.—James O'Brien, an old time resident of Plymouth and vicinity, died at the home of his daughter, Mrs. Joseph Beeman, and was buried in the Plymouth cemetery, beside his wife, who died a few months ago.

Mr. O'Brien was a native of Pennsylvania and was 72 years of age at the time of his death. He came to Plymouth about 40 years ago and had always been interested in mining. He worked in the Plymouth mines until they were closed in the early 80's, and located and sold several mining claims. He was among those to whom the government recently made payments on account of claims produced at the government's request during the war.

He is survived by four children, William O'Brien of Oakland, Mrs. A. J. Pierano and Mrs. Joseph Beeman of Plymouth and Mrs. J. Lamb of Sacramento, and four grandchildren and one great grandchild.

## TAKES STAND ON DIVORCE QUESTION

(Continued from page seven)

divorce evil is a great evil of the day. The evil does not lie so much in the actual divorce as in the conditions which lead up to it. However, I do not object to marrying a divorced person provided he or she has been the innocent party to it, that is to say, that he or she has had Scriptural grounds. I think the evangelist will discover, however, that most divorces are given on strictly Scriptural grounds. In a good many cases it does not appear on the court records, but the divorce is granted for desertion, or cruelty, or such, but anyone who knows the truth about most divorces knows that unfaithfulness is almost the universal cause. I am as opposed to the prevalence of divorce conditions as much as the evangelist is, but he doesn't know what he is talking about when he makes blanket statements condemning all who are divorced.

Rev. J. G. Kennedy: The only trouble I see in marrying divorced people is that one does not in most cases have a chance to investigate completely. I feel that it is very necessary to satisfy myself in each individual case that there was just Scriptural ground for the divorce. The sermon on the Mount lays down a commandment the violation of which gives, I believe, ample cause for divorce. I feel that divorces are the crying evil of civilization today. The courts are entirely too lenient. There is too much of a feeling of independence in marriage relations nowadays, and when husband and wife do not get along perfectly for the first two or three years one party or the other gets tired of it, goes to court, and makes a few charges of cruelty or incompatibility, and is given a divorce without further ado. Their lives and the lives of their children are wrecked through selfishness. I do not believe it right to allow divorced people of this sort to remarry.

## FAMOUS "ACE" TO VISIT IN S. A.

(Continued from page seven)

is at present located in Oakland, and who yesterday aided in the dedication of the municipal aviation field at Modesto, stating that he would be in Los Angeles Thanksgiving Day for the automobile races at the Beverly Hills speedway, and that it was his intention to come to Santa Ana for a visit.

It will be remembered that Eddie Rickenbacker first became famous as an auto race driver. When he broke out he went to France as General Pershing's chauffeur. After several months he was asked to be transferred to an aviation school, and General Pershing granted this request. At the front Rickenbacker became America's greatest "ace" by bringing down twenty-six enemy planes.

Rickenbacker came to California recently from Philadelphia. He is associated with Cliff Durant, well known automobile racing driver, in the Lawson Aircraft company, of Philadelphia, which is planning to expand and develop its Western business.

D. C. Rickenbacker confirmed the report today that his mother is to move to California from Columbus, O. Although it is barely possible she may decide to come to Santa Ana to live, the chances are that she will locate either in San Francisco or Los Angeles.

## BROTHER VS. BROTHER IN BIG GRID BATTLE

NEW YORK, Nov. 12.—"Mick against Mick" or "the feud of the Callahans" offers the attraction of the semi-weekly of the 1920 football season tomorrow.

Not that Yale and Princeton will exhibit better football in this season of the "big three" battles, but the fight of the Eli gladiators against the Tiger is an established spectacle and an annual feature of years standing.

Odds of 3 to 2 are being offered that Princeton, under Captain Mike Callahan, will beat the blue backed warriors of his brother Captain Tim. Of those members, here, in the name of our glorified country, I present these medals, commemorating their service, whether in camp, cantonment or on battlefield, and ask that they wear them in the honor of the men, from a grateful country, guard them and what they represent as you would your honor and integrity and hand them down to those who come after you as a priceless heritage in the name, the honor and service of our common country."

## LEGION POST AWARDED PRIZE

(Continued from page seven)

offered by the Johnson-Wickett clinic, Fullerton.

The judges awarded the city of Anaheim first prize in the float division. The exhibit was a large truck carrying an arbor of white frame-work covered with greenery, and the words "City of Anaheim," worked in chrysanthemums.

Second prize, a loving cup offered by the Dutton jewelry store of Anaheim, was given the Daughters of Veterans of Fullerton.

Elli's lodge of Anaheim won the loving cup of the "Dew Drop Inn, of Anaheim," offered for the best marching unit. The organization was conspicuous, what with its band dressed in natty white uniforms, followed by a marching unit of Elks.

Bob White, Franklin agent, captured the \$10 prize offered by William Falkenstein, of Anaheim, for the best decorated automobile. A Liberty car, decorated in white and yellow chrysanthemums, was the exhibit.

M. F. Andrade, deputy city marshal of Anaheim, who rode a beautiful black horse, was awarded the hat offered by the Yungbluth clothing store for the best dressed rider.

S. A. Folk Enter Floats.  
A few floats were entered from Santa Ana. Among them were floats sent to the Mother Colony by the Spurgeon Furniture company, the Daughters of Veterans, the high school and the boy scouts. The high school had two floats, one representing a sick room. Miss Helen Hankey was the nurse on this float, and Paul Nelson, as a patient, reclined comfortably on a cot. William Metz and George Ledford were also among those on this float. The second high school float was entered by the Boys' and Girls' Glee clubs. School songs and yells given during the parade brought the Santa Ana high school contingent into prominence.

Mrs. Leonard Leach, president of the Daughters of Veterans, rode on a float entered by that organization. Others on the float were Mrs. Emma Chapman, Miss Bertha Belts, Mrs. Lois Lentz, Mrs. Mae West, Mrs. Nellie Parker, Mrs. Jole Glover and Mrs. Eva Belt. Bert Shinn drove the machine upon which the float was mounted.

The Orange county hospital had an attractive display, with members of the nursing staff riding.

The exhibit by the Boy Scouts was one that attracted considerable at-

tention. The float was followed by marching units from Troops 6, 8 and 9. William McKay and Harold Myers were in charge of the troops and Elmer Heldt, county executive, had charge of the float. S. J. Cornell, scout commissioner, was present and assisted in directing the exhibit.

Legion in Line.  
Units of the Santa Ana Post, No. 131, American Legion, and Co. F, in command of Captain A. E. Koepsel,

assisted in making the Santa Ana delegation a representative one. The Santa Ana Register was represented by five cars.

## DOUGLAS FIR PRICE DROPS 40 PER CENT

TACOMA, Wash., Nov. 12.—The price of Douglas fir lumber has decreased in price 40 per cent in the

last six months, according to a bulletin of the West Coast Lumbermen's Association. The association declares prices have reached their lowest level under present wages and prices of supplies, and notes that numerous mills have been forced to close down.

Eighteen of the U. S. Shipping Board's ships were employed this spring between this country and the Philippines.

## "Snowbank Drilling" for TEXCAL

That's what the drillers say of Texcal's well in the Huntington Beach field; and the drillers KNOW, for they have sunk Texcal's well to

1150 Feet in 200 Hours Actual Drilling Time.

As one driller expresses it, "It's as easy as drilling through a snowbank into a reservoir of oil." Our crew's faith in Texcal's well springs from their confidence that they will drill into production by November 10th, and bring in on December 15th a gusher producing anywhere from 1000 to 10,000 barrels daily.

## Texcal Gets Speed Plus Safety

Easy drilling conditions mean speed, of course. They mean SAFETY as well. The chance of delay and minor troubles is mighty small under Texcal's experienced crew. These factors of speed and safety apply to Texcal stock, as well. Quick completion means quick dividends. Drilling safety aids in making these dividends certain.

We have every reason to believe that by January 1st, with our first well a producer and our second well started toward production, Texcal shares will be selling at \$5.00! Your present opportunity to secure shares at par value, \$1.00 per share, is one that cannot be overlooked. Learn now—TODAY—about the profits that YOU can make through immediate investment.

## WORK OF MUSCLE IS GOVERNED BY NATURE

"Everybody knows something about muscle," is the opening sentence of an article entitled "Muscle," written by K. E. Allen. Having said that, Allen proceeds to tell a good many things about muscle that many people do not know.

Allen is a scientist connected with the Scripps Institution of Biological Research at La Jolla, a branch of the University of California. He is writing a series of articles on scientific subjects, and is offering them to newspapers of the state. These articles are written in a popular rather than a scientific style.

Allen's article on "Muscle" follows: "Everybody knows something about muscle. Some even of the kindergarten youngsters know that a strong man has lots of muscle and a weak man little. Most ten-year-old boys pay a good deal of attention to their arm muscles, especially the biceps, and they like to show other boys what big knots of muscle they have on their upper arms. We are all familiar with pictures of professional athletes in which they are shown with folded arms and bulging biceps, due to holding their fists under the upper arms. Most of us like to eat the muscle of certain other animals such as cattle (beef), fowls and fish, and we often see the general appearance of raw muscle from these sources before it is prepared for food. Certainly we all know something about muscle and nearly all of us think that we know more about it than we actually do.

Cites Mistake.

"In a recent number of a magazine of wide circulation, there is a rather prominent article about the crawling of a snake in which it is repeatedly stated that it moves by contraction and expansion of its muscles. This false statement that movement is the result of expansion of muscle illustrates two things: first, that we often think that we know things when we do not; second, that a false notion, an untruth, or a lie is awfully hard to kill when it has a strong appearance of plausibility.

"A very great many of us who know something about muscle think that we know that it works by expansion as well as contraction. (By the word expansion in such cases one evidently means lengthening usually, and by contraction he means shortening). You bend your bare arm and you actually see the biceps get shorter as it swells, so you say that it is plain enough that the work of bending your arm is done by the muscle becoming shorter.

"But when straightening your arm you do not turn it over to look at the back to see what the muscles are doing on that side. You merely notice that the biceps lengthens and you indolently conclude that the lengthening biceps helps to straighten the arm, when in truth it is acting as more or less of a hindrance to straightening. That is to say, the biceps muscle on the back of the arm has to pull a little stronger than it otherwise would in order to stretch the relaxed biceps.

"If all of the many muscles involved in bending and straightening the arm should pull with equal power, the arm would not move. Muscles can only pull, never push.

"But some bright boy thinks he can show an exception to this rule, so he has you fasten a string or a paper band around his upper arm while the arm is straight, then he bends the arm and breaks the band by the swelling of the biceps.

"There now," he says, "that muscle did some work by expansion."

"But the fact of the matter is that this work could not be done if the muscle were not attached at both ends and pulling on the bones, if nothing else. It is the widening that accompanies a pull that accounts for this kind of work. It is indirectly due to the pull which is at the same time bending the arm.

Point Brought Out.

"Then some girl who does not know or understand simple mechanical principles, who hates any talk about levers and who is proud of her ignorance, will say:

"Well, I don't believe that muscles always pull. In fact, I know that they often push. Just watch me push this book across the table."

"Now this operation, which seems so simple to her, is really highly complicated because there is a whole series of levers involved each with its muscle pulling one end in such a way as to make the other end push or pull according to its position. The composite result of all these pulls is that the arm as a whole moves in such a way as to push the book, though not a single muscle can do a thing but pull. Much greater complexities of combinations of pulls occur in the case of the crawling snake, but there is no part of its motion which is due to 'expansion' of muscle.

"Nearly all muscles work in antagonistic pairs. If you bend your finger, it stays bent until something pulls it straight. Most generally this is a muscle attached to the back of the finger, but it may be a weight if the bending was done in order to hold the weight.

"It may be easily seen that these antagonistic pairs of muscles may make trouble for each other if one fails to yield when the other pulls. The difficulty may be still further increased sometimes by the activity of neighboring muscles which start to working when they should not.

"Indeed it is sometimes said that a graceful person is one who has his muscles so controlled that they do not oppose each other, but each takes its turn in working at just the right time. Conversely, an awkward person is one some of whose muscles always pull a little at the wrong time and so make another muscle pull too heavily or else slightly in the wrong direction. Early and frequent practice helps to avoid this. Unquestionably one reason for the graceful movement of the crawling snake is its constancy and frequency of practice.

Earthworm Moves.

The earthworm affords one of the simplest examples of use of antagonistic muscles though its movement seems rather complicated at first. The principal muscles of this animal

are arranged in two ways, one set lengthwise of the body and the other set surrounding the body. If the animal is going forward its circular muscles shorten and the soft parts of the body inside of the contracting ring of muscle are forced upward, thus pushing the front of the body out to greater length. Then the narrow lengthened part is anchored by tiny projections from the surface, the ring of muscles relaxes and the lengthwise muscles pull, thus pulling soft parts up toward the front and making it swell out again. Such operations repeated with rearward sections of the body serves to move the whole animal along.

"Like many other things which we feel very familiar, there are numerous interesting and puzzling facts to be learned about muscle, many of which experts have finally worked out, but some of which are still baffling. At any rate, we can be assured that the work of muscles is governed by natural laws and mechanical principles no less certainly than is the work of a machine and that they require similar care and attention, much of which is automatic."

## DAREDEVIL OF AIR GIVES UP FLYING

PASADENA, Nov. 12.—The highest priced aviator in the world since the great war, has decided to forsake the high life and become a citizen and business man in Pasadena. Gordon Brown, who was the successor of Locklear, the aerial daredevil, has harkened to the wishes of his mother, who grieved over his hazardous stunts and has accepted the position of assistant manager of a local music house.

Mr. Brown performed a number of striking features in the air over the Wigwam when W. H. McAdoo spoke here for the League of Nations, receiving \$25 a minute for his services. During the war he was a member of the British Royal Flying corps and was engaged in cross channel work, ferrying things to France from London. For a time he was an instructor at the aviation camps in the United States and Canada. He was in the army three years.

Some of his aerial stunts have been marvelous. He changed airplanes in the air twelve times, was the first man to change from a moving automobile to a moving airplane, the first aviator to saddle the tail of an airplane and loop the loop in that position, and he frequently stood upright on the tail of an airplane and rode at high speed. While the

plane was in motion he walked about the wings and out on to the tail.

Mr. Brown said he had given up the air work at the request of his mother, who was always worrying over his acts, and he would in the future keep his feet on terra firma and watch others do the daring feats in the air.

## PUPILS TRAVEL TO SCHOOL IN STYLE

OLATHE, Kan., Nov. 12.—Talk about traffic congestion on Fifth avenue or Broadway, here in Kansas automobiles parked by high school students are so thick that traffic cannot pass. Conditions became so serious here this week that Mayor Dufy issued an order forbidding students to park their cars in front of the school and threatening prosecution of offenders.

For weeks the cars have been lined along both sides of the street sometimes two deep. They were driven by students from the country, where enormous crops have been raised, and they weren't all small cars, either, not half of them.

Kansas kids are going to school in limousines and touring cars. Even the boys and girls in town ride the few blocks from their homes and back again for lunch.

EXCELSIOR CREAMERY COMPANY, Milk, cream, ice cream. Phone 237.

## BOY OF 13 ADMITS CHECK FORGERIES

LOS ANGELES, Nov. 12.—Caught attempting to pass a worthless check on a downtown bank, Max Israel, said to be the youngest forger known in police history, was arrested by Burns detectives and is being held for action by the juvenile authorities.

Israel is only 13 years old, yet is an expert penman and clever beyond his years, according to the police. Confronted by proof of five other forgeries which he had committed, he broke down and told officials of the Burns agency that he learned forgery in Winnipeg several years ago. He claims that he was taught by a friend who also taught him how to short change victims.

Since coming to Los Angeles he has been employed as a messenger. He told the police that he found a bank book belonging to a Main street business man and from a canceled check that was with it copied the signature on the checks that he succeeded in passing.

## DEMAND RELEASE OF OIL TANK STEAMERS

LOS ANGELES, Nov. 12.—Release of the oil tank ships now being held up by the United States shipping board will be requested at once by the Los Angeles Chamber of Commerce, following action by the board of directors. After weeks of investi-

gation, the Chamber's committee on manufacturing reported that the present crude oil situation made it imperative that Mexican crude oil be brought to Pacific coast ports. It is understood there are about seventeen tankers available.

The request to the shipping board will point out the shortage of oil for industrial purposes on the coast could be materially relieved by importations.

Spencer Corset, 821 Spurgeon St.

# WARNING

Unless you see the name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians for 21 years, and proved safe by millions.—Say "Bayer"!

**SAFETY FIRST!** Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark of Bayer Manufacture of Monocrotonaldehyde of Salicylic acid.

LITTLE TOWN HAS COMMUNITY THEATER

SCOTIA, Cal., Nov. 12.—A community motion picture theater where patrons vote on plays to be presented and the profits are divided among the various civic enterprises, is a feature of this little town tucked away in the redwood forests of northern California.

There is nothing makeshift or temporary about this project. The architect who designed one of the most widely known theaters on the Pacific coast was engaged to design this one, which is built entirely of redwood with bark-clad tree trunks for porch posts.

The equipment is of the best and the lighting is so ingeniously worked out that a spectator could, if he would, read a newspaper during the progress of the performance. Management is vested in a committee consisting of the head of the Men's Club of Scotia, the head of the Scotia hospital, and the head of the Scotia fire department. The last named organization, instead of playing checkers in its spare time, devotes itself to furthering recreational activities in Scotia. Hence its "cut" in the theater proceeds, which are divided three ways after deducting interest on the investment and a proper amount for depreciation.

All patrons are invited to notify this committee as to what plays and incidental music they most enjoy, the only suggestion of a limitation being a request from the committee "that we get the best there is." Travel pictures and high and low comedy appear to be the favorites thus far.

Funds for the erection of the theater and a site were provided by a local milling concern.

OAKLAND LAWYERS IN FREAK ELECTION BET

OAKLAND, Cal., Nov. 12.—While freak election bets have run the gamut, City Attorney Frank V. Cornish of Berkeley claims the distinction of having lost one of the most unique of Oakland.

Cornish bet on Cox. The bet required the payment of \$22.50 to the winner. Nothing remarkable about that.

But the money was to be paid on the installment plan at the rate of a penny an hour.

Immediately after Cox' defeat but when he had paid regularly for five hours he began to get tired. So being an attorney, he discovered that if Greene was not on hand to receive the money he could claim the right to pay it in a lump sum, which he did, thereby saving himself the necessity of visiting Green each hour for 2350 hours.

HORSE HAIR SHAVING BRUSHES UNDER BAN

WASHINGTON, Nov. 12.—Surgeon General Cummings of the United States Public Health Service, has just issued a fresh warning against the use of horse-hair shaving brushes, to which not a few cases of anthrax have been traced.

"It is the consensus of expert opinion that shaving brush anthrax is contracted only when the shaving brush is made of horse-hair; and Congress at the next session will act to prohibit the use of horse hair for that purpose, it is doubtful however, if any effective measure can be taken by health officials to curtail the use of the horse-hair shaving brushes now in trade channels, some of which are presumably infected, except a direct warning to the public not to buy or use such brushes," he said.

Dr. Cummings strongly urges the issue of such an appeal by State Health Officials and its widest possible publicity, as the only way, pending additional legislation, to obviate their potential danger.

Folks — can you really afford to own a car when you can rent one without driver for as little as \$3 a day? 7 1/2 cents a mile. See Copson, 411 W. 4th. Phone 1426.

THEOSOPHIST SPURNS USE OF OULJA BOARD

CHICAGO, Nov. 12.—If you would mingle with the elite of departed spirits, do not toy with the shades who use the oulja boards as means of communication, because, under ordinary circumstances, only the riff-raff of spiritism speak during sessions of the great American parlor game, was the warning given today by Miss Gail Wilson, trustee of the American section of the Theosophical Society. She stands high in the councils of the theosophical world.

"Only the low type of soul would make itself manifest on the oulja board," said Miss Wilson, who has given the subject much research. "A high type of spirit would not use such a crude and dangerous method. Why should a highly evolved spirit want to mingle among earth-beings when they are on a much higher plane."

"Speaking in the slangy language of the earth, most of the spirits we get connected with on the oulja board lie like circus posters. 'If you are looking for advice, it is far better to take it from a good living person than a bad dead one. No spirit can tell the future better than an ordinary earth-being. It's rare that a respectable spirit raps on the library table, either.'"

Miss Wilson holds that there are just a few cases on record of high-class spirits talking via the oulja board route, but these cases are so rare that they may be discounted.

2 ARMY HOSPITALS UNDER HEALTH DEPT.

WASHINGTON, Nov. 12.—Two army hospitals, one in North Carolina and the other in New York Harbor, have been taken over by the U. S. Public Health Service during the present week.

The North Carolina hospital (O'Reilly hospital), which is at Oteen, eight miles from Asheville, will be continued as a tuberculosis hospital with about 1000 beds. Dr. W. M. Foster will be in temporary charge.

The location of the hospital is beautiful and the institution is admirably adapted to the treatment of tuberculous disease. The building were erected by the army for that particular purpose and are superior to most of those in base camps. Two of the wards will be remodeled; and some additional buildings will be erected for the use of the staff, especially the married staff, for whom no accommodations now exist.

The present patients will probably remain, if the hospital equipment can be taken over with them. The nurses, except those who wish to take accrued leave, will remain.

The hospital in New York, variously known as the Holt General Hospital and the U. S. Debarcation hospital, is at Fox Hills, about ten minutes walk from the New York City ferry station at Stapleton, Staten Island. It will be continued as a general hospital with a capacity of about 500 beds. Dr. J. O. Cobb, recently in charge of all Public Health activities of all the hospitals in New York City, this hospital has available the best consultation facilities in the country.

DR. BLAKE PASSES AWAY

IMPERIAL, Nov. 12.—Pioneer residents of Imperial were shocked to learn of the sudden death of Dr. Franklin P. Blake, Imperial's first physician, who came to Imperial fifteen years ago and practiced here for a decade. Dr. Blake succumbed to heart failure at Banning, where he resided with his sister, Mrs. Burke.

MOB RAIDS OFFICES OF PANKHURST PAPER

LONDON, Nov. 12.—The only discordant note in the Armistice Day solemnities was struck at the Fleet Street offices of Sylvia Pankhurst's Bolshevik newspaper, the Dreadnought. As soon as the hour of 11 struck, the women workers of the Dreadnought began dancing and singing before the open windows, while the crowds below stood in silence until the two minutes had passed.

At the end of the two solemn minutes the crowd from the street stormed the offices of the paper and the women pummeled the girl communists, tearing their clothing to ribbons. Sylvia herself was not present.

PAWNBROKER FIRST TO PLAY BILLIARDS

LONDON, Nov. 12.—Investigation into the popular game of billiards produces some queer history, both as to the origin of the game, and the methods used in manufacturing the paraphernalia. It is said to have begun when William Kew, an English pawnbroker in the sixteenth century, passed idle moments by his trade with a yard stick. He soon gained considerable skill, and the game became known in London as "Will's Yard," and this was corrupted to "Williard," and then to "Billiard," and lastly to its present form. The players seeking a name for the stick with which the balls were pushed about called it after its originator "Kew," the French, after taking over the game, respelling it "que."

The ivory balls have to be seasoned for many months before they are ready for play, and manufacturers have incubators in which to store them, many of the latter holding as high as three thousand balls. The deep red color of the red balls is obtained by giving them what is known as the "guardsmen's bath," a dipping into dye secured by boiling English soldier's red coats. The finer tables used are built of Spanish mahogany, ebony or satin wood, and some of this has to be seasoned seven years before being used. The green cloth was first used by Prince Leopold, and it is still known as "Prince Leopold green." It was selected as being less hard on the eye under the bright light demanded for playing, than any other color.

BANDIT OVERCOMES VICTIM WITH SNUFF

NEW YORK, Nov. 12.—Bronx detectives are searching for a "snuff-throwing" robber who poses as a gas meter inspector. While Mrs. Anna Greer of 561 Cauldwell avenue, Bronx, was preparing to go to the theater the man called and said he wanted to make an inspection.

He turned on all the gas jets, suddenly threw a box of snuff in her face, snatching her handbag and took other money from a drawer amounting in all to \$75, and escaped. Mrs. Greer was able to get to the telephone and call for help before the escaping gas overcame her, but she was unconscious when aid arrived.

FARMERS TOLD NOT TO SHIP MORE PRUNES

MORGAN HILL, Nov. 12.—Notice that they have been forced to discontinue receiving prunes has been given ranchers by the officers of the local branch of the Prune and Apricot Growers' Association in this city. The crowded condition of the plant is given as the reason. The plant has been closed four times during the season, causing great inconvenience to many farmers who are not in a position to store their prunes and who also are not receiving the returns with which they intended to pay their harvest expenses.

MEXICAN RAILWAYS BOOST TICKET PRICES

SAN FRANCISCO, Nov. 12.—First-class passenger fares were increased 50 per cent yesterday on the National Railways of Mexico, it was announced by Onesimo Torres, general agent of the company at the local office. Second class fares are increased 25 per cent. New rates from Juarez to Mexico City will be \$90.40 and from Laredo to Mexico City, \$60, Mexican currency.

PASADENA DOCTORS ELECT.

PASADENA, Nov. 12.—Dr. S. J. Mattison has been elected president of the Pasadena Medical society for the ensuing year. Other officers chosen are Dr. R. L. I. Smith, vice president, and Dr. Caroline McQuiston-Leite, secretary-treasurer.

LIGHTNING STRIKES LIGHTHOUSE.

VENTURA, Nov. 12.—Lightning struck the Point Hueneume lighthouse during the recent electrical storm. The clap was like that of a heavy cannon, according to Henry Rosendale, the lighthouse keeper, who was inside when the bolt struck. The bolt struck the iron rail just outside of the glass lantern, in which he was working at the time, and was conducted downward, discharging in the back yard. No damage was done.

Night School at McCormac's.

BOLDEST OF BIRDS

Speaking of scrappers, here's the Jack Dempsey of birds, the white-headed Sea Eagle, a recent immigrant from Africa. Old Whitehead is a cousin of Baldy, the well-known American eagle. This bird catches a K. O. punch in either foot and can do more cutting with its beak than the average man can with a razor.

Before you buy a can of Calumet you are certain of the greatest baking powder value—of the best baking results.

Because there are so many definite proofs of its superiority—of its purity and reliability.

It received highest awards at World's Pure Food Exposition, Chicago; Paris Exposition, Paris, France. PROOF that it is the best baking powder in the estimation of expert judges of baking powder quality.

For thirty years it has been the favorite of millions of housewives. PROOF that it gives those millions the best of satisfaction.

It contains only such ingredients as have been officially approved by U. S. Food Authorities. PROOF of its strict purity and excellence of materials.

It is made in the largest and most modern and sanitary baking powder factories in the world. PROOF that it must be better baking powder than one made under less favorable conditions.

You save when you buy it—moderate price. You save when you use it—possesses more than ordinary leavening strength—therefore you use less.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Chocolate Cake Recipe  
1 1/2 cup butter, 3/4 cup sugar, 3 teaspoons Calumet Baking Powder, 1/4 teaspoon salt, 2 cups sifted flour, 1 cup milk, 2 eggs. Then mix in the regular way.

## Quality

Quality has a fixed value in all markets, whether the commodity be carpets, furniture, locomotives, pianos, or clothes, and no man ever buys that quality below its intrinsic worth—he only thinks he does!

What appears to be as good as a Hickey-Freeman garment for less money, only proves that appearances are deceptive.

You can always find substitutes for a Hickey-Freeman garment, but you can't find one to take its place!

See the new Hickey-Freeman models.

A visit is no obligation to buy!

## BERRY CONTENT ORDERS GIVEN

An order fixing a standard of weight for berries when sold in containers, and general instructions relating to their enforcement, have been issued to weights and measures officials of the state of California by C. G. Johnson, state superintendent of weights and measures.

The order follows in full: "A careful survey of the basic as well as contributory elements relating to the production, packing and marketing of berries have been made for the purpose of fixing a uniform standard of weight for berries when sold, offered, or exposed for sale in containers.

"All state, interstate and national laws and regulations having a bearing upon the standardization of quantity and quality of berries, when sold, offered or exposed for sale in containers, have been considered, for the purpose of avoiding conflict therewith, and careful consideration has been given to their constitutionality of the powers of this department to fix and enforce in the state of California a standard of weight for berries.

**Quota Section**  
"Section 6 of the Weights and Measures Act delegates to the State Superintendent of Weights and Measures the power to fix a standard net weight for berries and to prescribe such tolerances for same as he may in his best judgment deem necessary for the proper protection of the public.

"The section providing these powers also provides for a penalty for violation of such standards and tolerances. In delegating these powers the legislature expresses its confidence and its exercise thereof should be only in the interest of good public policy and in the prevention of fraud, deception and misconduct, and in the protection of honest standards of industry and competition.

"State and National authority have long since recognized the necessity for standardization of berry containers, and have wisely fixed by state law and national regulations, the standard pint (33.6 cu. in.) and the standard half-pint (16.8 cu. in.) as standard containers for berries.

"These standards of capacity offer no protection to the consuming public, unless a standard of weight equivalent to the displacement is established. The employment of a standard container in the sale of berries has only a nominal effect on the quantity which they contain, and does not arrest the tendency to pack a partially filled container. The fixing of a standard of weight extends a substantial economic protection to the consuming public and provides for the producer all the benefits intended from standardizing the container.

"This department must ever apply its powers for the welfare of the people collectively, and limit its association in matters affecting a group, excepting where its concern will have a direct bearing upon public policy to the general welfare of the public. In fixing a standard of weight this department presumes to represent the consuming public by defining under its powers the quantity of berries to be contained in a standard basket. The consumer may not be consulted in the fixing of the price which he pays for the basket of berries, but he has the right under the Weights and Measures Laws to know the quantity of berries in the basket, and it is in the fulfillment of this right that this department presumes to fix a standard of weight for berries in containers.

**Standard Weights**  
"Therefore, in the exercise of the powers conferred in Section 6 of the Weights and Measures Act, I hereby fix the following standards of weight for berries when sold, offered or exposed for sale in containers, and prescribe therefore the following tolerances, and any persons violating such standards or tolerances shall be guilty of a misdemeanor:

"Strawberries (Pint 33.6 cu. in.) 12 oz. minimum contents. Tolerance 1/2 oz. in deficiency, 2 oz. in excess.  
"Loganberries (Pint 33.6 cu. in.) 12 oz. minimum contents. Tolerance 1/2 oz. in deficiency, 2 oz. in excess.  
"Blackberries (Pint 33.6 cu. in.) 12 oz. minimum contents. Tolerance 1/2 oz. in deficiency, 2 oz. in excess.  
"Raspberries (1/2 Pint 16.8 cu. in.) 8 oz. minimum contents. Tolerance 1/2 oz. in deficiency, 1 oz. in excess.

"Berries when sold, offered or exposed for sale in baskets in accordance with the standards herein fixed and packed in crates, chests, drawers, or other carriers, shall, for the purpose of effecting the practical operation of these standards, be considered as sub-containers, and such crates, chests, drawers, or other carriers, wherein such standard baskets are packed, shall be considered containers within the meaning of the Net Container Act, and shall declare thereon the number of baskets, together with the standard of weight for berries when packed in containers as herein fixed.

"Berries of a different variety than those for which standards are herein fixed, when sold in containers, shall declare on such container, the true net weight of the contents thereof, as required by the Net Container Act.

"These standards of weight are now in force and effect.  
"For the purpose of inspection the following tare for berry baskets is recommended: Pint baskets, 1/4 oz.; half-pint baskets, 1/8 oz.; half-pint baskets tin top, 1/2 oz."

## SENATOR JOHNSON'S PET STOLEN, FOUND

SAN FRANCISCO, Cal., Nov. 12— "Shep," Senator Hiram Johnson's pet collie, was missed from the Senator's home at 857 Green street, shortly before 11 o'clock Tuesday morning. The Senator's son, Attorney Archibald Johnson, reported the matter to the police.

At noon Policeman Vincent Lewis, accompanied by "Shep," appeared at the Johnson home. He said he had found "Shep" in a Chinese lodging house on Grant avenue. The dog had been stolen by a Chinese, who managed to escape before Lewis arrived.

## CONTEST BEGUN IN BELSHAW ESTATE

MARTINEZ, Nov. 12—A petition for the partial distribution of \$100,000 of the \$600,000 estate left by former State Senator Charles Mortimer Belshaw, who was killed in an automobile accident at Halfmoon bay November 14, 1919, was filed in Superior Court of Contra Costa county here today by six first cousins of the deceased on his mother's side.

The petition for letters of distribution, instead of letters of administration, was filed in order that an immediate hearing may be obtained. No will was found at the time of Belshaw's death, nor after, and John Birmingham of San Francisco was appointed special administrator and the entire estate was claimed by Mrs. Violetta Purchase of New York, an aunt of Bradshaw.

In the petition the six cousins claim as close relationship, and state that they are entitled to an equal distribution of \$100,000. With a decision in their favor, sixteen first cousins on Belshaw's father's side would automatically be entitled to a similar claim.

Several months ago a petition for distribution was filed by Mrs. Marie Belshaw Cartwright of Los Angeles, a cousin of Belshaw, but she did not appear at the hearing and the matter was dropped.

It was expected that Henry Spencer, Oakland, a son of Mrs. Belshaw by a former marriage, would also file a petition, but so far he has not intimated that he will.

Belshaw, who was active in the gubernatorial campaign in 1914, was one of the best known men in the state and had been engaged in politics for more than twenty-five years. He had served in both houses of the Legislature, and served as a member of the State Board of Prison Directors. He was Senator from 1895 to 1909.

The accident which resulted in his death was also the cause of the deaths of his wife, Mrs. Maude Spencer Belshaw, whom he married October 2, 1915, and Mr. and Mrs. J. D. Sherwood of Spokane. The car in which all four were riding plunged 700 feet down the side of the cliffs around Half Moon bay.

## BUCKHECHT Dress Shoes

OUR SIXTY-FOUR YEARS OF SHOEMAKING are of value to you only as we profit by the lessons they have taught. Old in experience, we have not aged in taste and styles. Jealous of quality, we have not neglected fashion. Sticklers for service, we realize that style is no less important than comfort and wearing qualities.

Your favorable impression of BUCKHECHT Dress Shoes at first sight is appreciated, but what you think of them when you finish a pair concerns us most.

Now, as always, only the finest materials enter into the making of BUCKHECHT Dress Shoes. One purpose inspires us—bettering, in service and appearance, the product of every year that has gone before. We made wonderful shoes for the fifties—we make still more wonderful shoes for today.

Close your eyes to their reasonable prices—\$8.50 to \$14.00—and judge BUCKHECHT Dress Shoes by exacting standards. Style, fit and durability—in these and all other requirements they satisfy. Principal shoe dealers show them in several models—four of the favorites are pictured above.

No shoe is a Buckhecht unless stamped BUCKHECHT

WOULD BEAUTIFY CITY.

LONG BEACH, Nov. 12—A bill au-

thorizing formation of an assessment district for beautification of the city's property along the ocean bluff from Twenty-first to Twenty-sixth place probably will be introduced at the next session of the State legislature by Senator J. A. Rominger and Assemblyman F. F. Merriam, both residents of Long Beach. City Attorney George L. Hoodenpyl has been asked by Eugene Fincher, com-

missioner of public affairs, to draft such a measure. The bluff land in question has great scenic attractiveness and exceptional park possibilities, city officials assert.

1026 DEER KILLED.

SANTA BARBARA, Nov. 12—More deer were slaughtered during the season just closed in the Santa Barbara forest reserve than ever be-

fore, according to final figures compiled by T. W. Sloan of Santa Barbara. Although 1919 was regarded as an exceptional year for sportsmen, when approximately 900 deer were brought down, the record kill reported from the various range stations for 1920 show that 1026 of the fleet animals fell prey to the unerring aim of thousands of hunters who roamed the reserve.

## Damewood & Garroway

ORANGE—PHONE 22

Mack-International Motor Truck Corporation.

1 1/2 to 7 1/2 ton models.

The present period is the most necessary of all times requiring thorough investigation of the make and quality of a motor truck that is worthy of receiving any consideration by the prospective purchaser. This is the time for careful buying and the elimination of all risks.

Orphan trucks are scattered about the country. If you have one you know how you feel about it. Your truck is an outcast; it has no resale value; you are left holding the bag, because of an error in selection.

Repeatedly we have directed attention to the fact there are only a few high-grade trucks on the market backed by financially sound factories and responsible dealers. MACK trucks are among the exclusive few. We urge the most rigid investigation into the manufacturing, sales and financial policies governing MACK trucks. We know we can satisfy you as to these and MACK performance never is questioned.

## Suppose

Suppose you put \$1 a day into your cash box and leave it there. At the end of ten years you will have \$3,650.00. This is Saving, but not the most profitable saving. Oftentimes, too, it is unsafe saving, as the frequent thefts of money kept at home prove.

Suppose, on the other hand, that you put \$1 a day into a Savings Account at The Farmers and Merchants Savings Bank. In ten years your actual savings of \$3,650.00 will earn \$805.74 interest, giving you a total of \$4,455.74. This is Safe, Profitable Saving, the kind that leads to money independence.

Your money in this strong bank will earn 4% interest, compounded twice each year.

**The Farmers and Merchants Savings Bank**

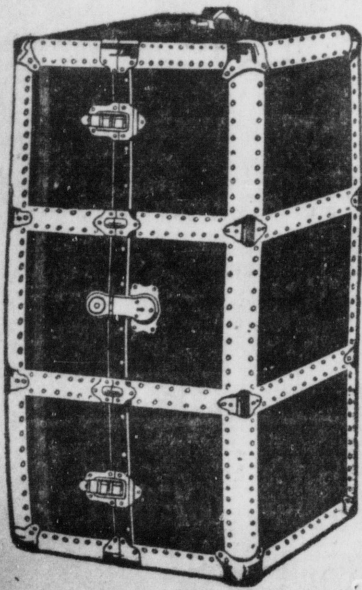

**ORANGE BLOSSOM COFFEE**  
"It's always fresh"  
in GLASS-LINED BAGS  
saves the price of expensive TINS

Each "Orange Blossom" dealer is supplied with only enough coffee for his immediate needs. Thus you are assured all the goodness of the highest grade coffee at considerable saving in cost—due to its being packed in air-tight glass-lined bags instead of expensive tins.

## AND PARTY RIDES IN DEATH VALLEY

TONOPAH, Nev. Nov. 12.—Descending 6,000 feet from Chloride Cliff in the Funeral range to the floor of Death valley, approximately 300 feet below sea level, Mr. and Mrs. C. C. Boak and Miss Blanche Robb recently motored into that historic valley. They have just returned to their homes here.

Describing the trip, Boak declared he considered "the view from Chloride Cliff the equal of, if not superior to that of the Grand canon in Arizona."

In Death valley they visited the only white man there named Denton. He lives at Furnace creek ranch, owned by a borax company and maintained simply to protect the water right of Furnace creek.

"The heat at no time during portions of the two days we spent in the valley was excessive," Mr. Boak said, "about 90 degrees in the shade being the warmest. Mr. Denton, who has been there eight years, keeps the government weather records and he told us 'only 134 in the shade' was the warmest on record."

"At times, he said, during the heat of the summer, a black gaseous haze would lie motionless on the sump of the valley for days. During such times he never dared go outside the house, he said, but kept his horsepower propelled fan going continuously until a breeze dispersed the haze."

"Most of our drive through the valley was made at a depression of from 240 to 300 feet below sea level. The roads could not be complained of. We encountered no sand, although much of the course was over coarse gravel and small cobbles."

Mount Whitney in the main range of the Sierra was visible. Thus one stands in the lowest valley in the world and feasts the eye upon the snow-clad peak of the highest mountain in the United States."

## INDIANA MAN GETS CALIFORNIA FORTUNE

FORT WAYNE, Ind., Nov. 12.—Charles Wineland, an \$85 a month janitor at the City Hall here, leaned on the handle of his broom long enough to read a letter, and a few hours later started to California to claim a 114 acre fruit farm on the outskirts of San Francisco and \$28,000 deposited in a bank there. The letter informed him that his brother had died, leaving his estate to a janitor and a sister, Mrs. Caroline Bowman, of Burlington, Ind. The farm is appraised for taxation at \$78,000, according to the letter.

## STARTER TROUBLES ARE EASILY FOUND

When pressure on the starter pedal fails to start the engine, one of the following causes is at the bottom of the trouble: Weak battery, poor contact of the cables with the battery, a short circuit caused by cable insulation being worn through, switch trouble, or trouble in the starting motor. A battery test will determine the condition of that unit. If the battery is up to charge the cables should be examined and the terminals be cleaned and tightened. The starting motor brushes, being worn often cause trouble and in much used starters the commutator may be worn. The starter switch may stick or make such poor contact as to deliver little current. If in pressing the starter pedal there is a whirring sound but no cranking, the spring of the starter shaft may be broken.

When the cylinder head of a motor is detached for the purpose of removing the carbon deposit, it will be noticed that during the process of scraping the piston, etc., the tapped holes on the top of the cylinder casting soon get full of oily carbon, water, etc., causing trouble to remove when it is decided to insert the holding down set screws. To obviate this use short screws without heads on them and screw them in flush with the top of the cylinder casting before scraping operations are commenced. After the decarbonizing is completed, the grub screws can be removed, when holes will be found to be free from dirt.

When the water pump begins leaking do not assume that necessarily it is because the nut is too loose. Frequently the nut is not to blame at all, but poor packing is the real cause of the trouble. Packing for this part consists of candle wick soaked in tallow, heavy twine, similarly treated or special packing material. After the nut has been turned to press the packing down do not turn it further, as excessive squeezing is apt to damage some part of the body of the pump.

## Catarrhal Deafness and Head Noises

TELLS SAFE, SIMPLE WAY TO TREAT AND RELIEVE AT HOME. If you have catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach, bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parment (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. Improvement is sometimes noted after the first day's treatment. Breathing becomes easier, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment. Adv.

## THREE INJURED AS AUTO LEAVES GRADE

MURPHYS, Nov. 12.—As the result of an auto truck accident on the Melones grade on the Tuolumne side of the river, Fred Kennedy, driver, Mrs. Ethel Adams and Mrs. Ann Gardella are suffering from cuts and bruises.

Something went wrong with the steering gear and Kennedy was forced to run the car into the bank as it plunged down the grade. It turned over and flung its occupants in the air requiring 16 stitches. Mrs. Adams was cut on the nose and in one eye by flying glass and Mrs. Gardella was gashed about the hands and suffered severe bruises. The injured were rushed to Angels for medical treatment, but managed to come on to this place in a few hours.

## REGENT OF GREECE

ATHENS, Greece.—Admiral P. Coundouriotis has been named regent of Greece to rule during the minority of Prince Paul who is not quite 20 years old. Prince Paul, younger brother of King Alexander who was killed by a monkey's bite, has been proclaimed king of Greece.

## MANY ANXIOUS TO SERVE IN GERMANY

WASHINGTON, Nov. 12.—So great was the rush of recruits for service in Germany when enlistments were thrown open November 1, that before telegrams discontinuing acceptances could get out from Major General P. C. Harris, the Adjutant General of the Army, to army recruiting officers throughout the country, twice the number of men desired had enrolled. There were 200 infantry vacancies, and in six hours 200 had enlisted, but before they could be stopped, 338 had joined. For the 56 vacancies in other branches, 90 men got in under the wire before they could be held up from Washington, a total of 438.

Letters home from soldiers in the American forces in Germany tell a story of pleasant life on the Rhine, with the American dollar worth so many marks that the average private is almost a plutocrat when compared to the Germans. An interesting side light on service there is the fact that a number of discharged men on their way home recently turned back at Antwerp to re-enlist.

## THREE MEN PERISH IN BOAT EXPLOSION

NEW YORK, Nov. 12.—Three bodies were discovered in the hold of the Morgan Line steamship El Mundo, on which nine men were seriously injured when one of the vessel's fuel tanks exploded while she was tied up to her Hudson River pier. First reports from the rescuers indicated that there had been no loss of life.

Every state automobile in Massachusetts is required by law to have the name of the department or institution painted on the side of the vehicle.

## RODGERS CONTINUES AS SOLON MANAGER

SACRAMENTO, Nov. 12.—All doubt as to the 1921 manager of the Sacramento Senators were set at rest when Lewis Moring, owner of the local Coast League team, announced that William K. Rodgers had been signed to continue as pilot of the Yippers.

Plans for the season are still in a tentative stage. Moring is planning to get several new players for the local club, but thus far negotiations have not been concluded with any of them except Charley Cochran, an Idaho player, an outfielder, who will report when the spring training season begins. He was touted to Moring by Buddy Ryan.

Moring also has an infielder coming from Cleveland as the result of the sale of Walter Mails. He hopes to land a good first baseman in this way.

## GRILL DISHWASHER ROUTS BANDIT PAIR

MODESTO, Nov. 12.—An attempted hold-up of the Hotel Tynan grill was frustrated by the dishwasher, who, when the two unmasked bandits entered the kitchen snatched up a cleaver and made for the men.

They fled precipitately, with the Greek in hot pursuit. Patrolmen Arington and Pisk were called and later locked up Ramon Sanchez, who was identified by the Greek as one of the men.

The restaurant was closed at the time of the hold-up, with no one present but the kitchen crew and waiters. Don't try to memorize scientific pressure tables. All you need to know is that every inch of the tire diameter needs 20 pounds of air. A six-inch tire needs 120 pounds, a three-inch, half as much. Twenty pounds to the inch—that's easy to remember; but more than half of tire troubles come from forgetting to supply the 20.

## "BUCK" IS DODGING CAMERAS NOW

Coach "Buck" O'Neill of Columbia University, N. Y., is off the camera stuff for good. While coaching at Syracuse University he posed for a picture and his highly touted eleven dropped what was thought an easy game. Just prior to the Columbia-Wesleyan game a few days ago a picture sleuth snapped the football mentor while engaged in conversation with Tom Thorp, assistant coach. The Wesleyan bantams gave the Morningside eleven its first defeat this season with a 10 to 0 score.

## News From Orange County Towns

INTERESTING TALK  
BY CAPTAIN FOLGER

TUSTIN, Nov. 12.—Captain A. E. Folger, better known as "whale oil Gus," gave an entertaining and instructive talk at the Tustin school recently. It included an exhibition of his voyages and the methods and instruments used in capturing those sea monsters. He was assisted by "Little Monday," the only American ever born on an American whaling ship. His account of his thrilling experiences made a deep impression on the pupils of the school.

The L. A. S. of the Presbyterian church met at the home of Mrs. Ledy on Main street. About twenty ladies were present and enjoyed the choir fire of the fireplace. The ladies occupied the time with needle work for their bazaar, which is to be held the first Friday in December at the home of Mrs. Beswick. A delicious lunch was served, consisting of pimento sandwiches, layer cake and coffee. A silver offering was taken.

Mr. Ebel is enjoying a visit from his oldest sister, Mrs. Banerle, from Nebraska.

The residents on West Holt avenue are rejoicing over the advent of gas, as the pipe line has been extended to Seventeenth street.

Mr. Philip Ebel and his niece, Miss Pearl Keuchel, of Orange, celebrated their birthdays together last Sunday at the home of the former. Mrs. Ebel had prepared a sumptuous dinner for them, including a large cake, on which were the names of the honorees. Covers were laid for sixteen.

Mr. Nordstrom, who was badly hurt when his motorcycle skidded just after the last rain, is able to be up and around.

Dr. Leland Jones of San Diego, is in attendance at the S. S. convention in Pomona. On his way to Pomona he called here on Dr. Boal, who is stopping with Mr. Dort.

The L. A. S. will meet Friday in the church parlors. A full attendance is desired.

Quite a number of the Tustin people are attending the revival services at the First M. E. church in Santa Ana.

Mrs. McDougall's aunt and uncle, Mr. and Mrs. C. E. Means, from Illinois, are visiting at the manse. They have come to spend the winter in Southern California.

Mr. and Mrs. E. E. Smith spent Sunday at Montebello.

The P. T. A. met Wednesday afternoon for a business meeting and appointed grade mothers. They also voted to hold a colonial display in February similar to the one held here several years ago.

Misses Anita and Irene Preble spent the week-end in Los Angeles.

Mrs. J. O. Preble's sister, Mrs. Sargent, from Haverhill, Mass., has come to spend the winter with her.

**TELLER ADMITS BIG BANK THEFT, REPORT**

OTTAWA, Ill., Nov. 12.—Admission that he "engineered the whole thing himself" was made, according to county officials, by Francis J. Carey, 21-year-old teller of the National City Bank of Ottawa, who gave himself up following the robbery of the bank. Most of the \$45,000 taken has been recovered. Carey disappeared after the robbery and it was at first thought he had been locked in the vault.

Carey was found at the farmhouse of Mat Corwin, four miles south of Utica, Ill., into which he staggered, footsore and weary. Following a telephone call to President Charles P. Taylor of the bank, in which Carey said he would await the arrival of Sheriff C. S. Ayer, he was brought back to Ottawa and made his reported confession.

Knauf and Faul, pioneer barbers, have opened handsome tonorial parlors in Room 236, W. H. Spurgeon building; elevator and stairway entrance, and are now ready for business. Three barbers and manicure service.

Phone 237 for good Dairy Products.

**Fat Folks Read This Story**

Recently, in the city of Chicago, a prominent man, burdened with excessive fat, went into a drug store and bought a box of "Fat Folks Read This Story" tablets. He took them for a week. Today it is "Take Marmola Prescription Tablets." Friends tell friends—doctors tell their patients, until thousands know and use this convenient, harmless method. They eat what they like, live as they like, and still lose their weight. Three or four pounds of fat a week. Simple, effective, harmless Marmola Prescription Tablets are sold by all druggists—a good size box for one dollar. Or if you prefer you may write direct to the Marmola Company, 38 Garfield Building, Detroit, Mich.

Corner Fourth and Bush Sts.

MEMORIAL SERVICE AT  
VILLA PARK CHURCH

VILLA PARK, Nov. 12.—The new Memorial Day Service will be observed at the "Little White Church" at Villa Park on Sunday morning, to which all the "Service and Camp Men" of the recent war are invited.

It is the purpose of Pastor Hitchcock not to lead them over the bloody Somme or Argonne trails, but to consider with them the greatest question of today—"How to Increase our Present Home-Morale" in the real battle for real peace.

The Villa Park Service Flag contains thirty-three names.

BUILDING OF SIGN  
REPORTED TO M. & M.

ORANGE, Nov. 12.—The construction of a large sign at the corner of Chapman avenue and Main street directing state highway traffic to Orange, Orange County park, Riverside and San Diego was reported to the Merchants' and Manufacturers' association at the regular meeting at Campbell's hall.

The placing of other road signs directing traffic toward Orange was also reported by the committee. A representative of Myron Carr, promoter of a hotel and club project at Laguna Beach and near San Bernardino, addressed the meeting outlining plans of the corporation.

Plans for arranging a noonday meeting between each monthly meeting were discussed and the entertainment committee directed to arrange for the next noonday meeting in two weeks.

The publicity committee reported that a new booklet is ready for the press and will be issued shortly.

WILL PLEAD GUILTY  
TO SPENDING TOO MUCH

ESCONDIDO, Nov. 12.—Assemblyman W. A. Doran, who was defeated for re-election last week, must appear in court next Tuesday to answer to a charge of having spent too much on his campaign. He will plead guilty.

At his own instigation, a case was brought in Justice W. N. Bradbury's court Tuesday against Assemblyman Doran, charging him with spending more than the \$100 that is allowed for an assemblyman to spend in making the race in the general election.

By request of Doran and with reluctance on the signer's part, the complaint was signed by Percy Evans, one of the publishers who received part of the money spent by Doran in said election in said excessive amount. Doran promptly pleaded guilty.

Doran explains that he has heretofore won in the primary where there is no limit on the amount spent by candidates. He did not know until two days ago that his expenses were limited by law to \$100 in the general election and he admits, he exceeded that amount. Therefore, he wants to come out and manfully admit to the public and the law the violation that he has unwittingly committed. The only limit he found, he says, was in another direction.

COMMERCIAL BODY TO  
NAME NEW PRESIDENT

MODESTO, Nov. 12.—A committee composed of E. L. Sherman, Charles North and Kelly, three former presidents of the Modesto Chamber of Commerce, were named by President John C. Cuneo of the chamber as a nominating committee to select the names of those who will appear on the ballot for the presidency of the chamber for next year. The election will be conducted by mail and ballots will be opened on December 14. A meeting will be held November 30 at which the names of the candidates will be announced. The 1921 board of directors will also be named by the nominating committee.

BEGIN TEST OF R. R.  
AUTOMATIC CONTROLS

WASHINGTON, Nov. 12.—Work on regulations to govern the installation of automatic control devices on the railroads as required by law has been begun by the Interstate Commerce commission in co-operation with the American Railway association. A plan is being worked out by which the devices will be tried out exhaustively on one railroad before the orders for their installation on the other lines are drafted, railroad officials said.

Commission officials say the automatic devices will eliminate the element of human error in transportation which they will cause a train to stop whether or not the engineer sees the signal.

GIANT STEAMER MAY  
BE FLOATING HOTEL

LONDON, Nov. 12.—No bids have been received by the Ministry of Shipping for the Imperial, one of the giant German vessels allotted to Great Britain, and which has been offered for sale by the government.

It is now considered likely that the vessel will be converted into an immense floating hotel at the dockside, as it is too costly to operate as a passenger carrier.

Enroll in O. C. B. night school.

P. T. ASSN. HOST AT  
DELIGHTFUL AFFAIR

GARDEN GROVE, Nov. 12.—A large crowd of parents and friends attended the reception given in honor of the Garden Grove grammar school teachers. Wednesday evening. A very enjoyable program was arranged. Miss Ruth Violet played America, and the audience sang. An address of welcome was given by Professor Magnuson and a response was given by Professor Fitz. A family album was presented by the parents and the reading given by Mrs. William Kelsey, caused much amusement and laughter for the people that were present. Mrs. W. T. Kirvin, the Chairman of the Parent-Teachers Association, presided and had charge of the program. Refreshments of sandwiches, cocoa and cake were served at the close of the evening.

Miss Florence Neff, who formerly lived in Garden Grove but has made her home in Los Angeles for the last few years, was married November 9 in the Emmanuel Baptist church at Los Angeles to Frank L. Tucker of Butte, Montana. The couple will make their home in Pasadena.

Miss Ruth Violet was home from Redlands for a visit with her parents, Dr. and Mrs. C. C. Violet on Armistice Day.

Mr. and Mrs. D. C. Hogue and children accompanied by Isabel Northcross and Caroline Jorgenson spent Thursday at Long Beach.

Mr. and Mrs. W. M. Kelsey and family spent Thursday at Anaheim.

Squires were hunting at San Juan Capistrano last Friday.

Henry Rohr, who is attending Woodbury College at Los Angeles and going back and forth every day, has decided to live in Los Angeles during the winter months.

Mr. and Mrs. Ralph French left Thursday morning for Lemon Cove, Tulare county, where Mr. French will look after the orange crop on his father's ranch.

Warren A. Wheeler and children and Mrs. Jennie Graham spent Thursday at Long Beach.

Miss Mable Head attended the parade at Anaheim, Armistice Day.

Mr. and Mrs. B. A. Long were Long Beach visitors, Thursday.

Dr. and Mrs. C. C. Violet and daughter, Ruth, attended the parade and program at Anaheim, Armistice Day.

Mrs. Srackenast's brother, Mr. Crane and wife of Iowa, visited her, Armistice Day.

R. C. Umphress is building a new house on the Harry Newman place.

Mrs. Du Puy of Pasadena and daughter-in-law, of Fullerton, visited Mrs. O. H. Fulwider, Thursday.

SNOWSTORM DELAYS  
WESTBOUND PLANES

CHEYENNE, Nov. 12.—Weather conditions interrupted aerial mail service between here and Salt Lake City for the first time. One airplane left today for Omaha and one arrived from the East in a blinding snowstorm. Pilot Cook left Salt Lake for Cheyenne, but encountered heavy snow in the Wasatch mountains and was ordered to remain at Rock Springs for the night. Pilot Murray made three attempts to leave for Salt Lake, but he was unable to climb above the snowstorm and abandoned the trip.

MATHEWSON WINNING  
FIGHT WITH DISEASE

NEW YORK, Nov. 12.—After a year's fight against tuberculosis, Christy Mathewson, one-time major league star pitcher, is reported recovering at Saratoga Lake. He spends his days reclining in a dark room, as his strength is not yet great enough to permit of the fresh air cure. The affected right lung has improved under gas treatments, his fever has vanished and he is gaining in weight and strength, his physician said.

## "DANDERINE"

Girls! Save Your Hair!  
Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggy. You, too, want lots of long, strong, beautiful hair.

A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty- tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness.—All druggists.—Adv.

Hair dressing, manicuring, scalp and facial massage. Mrs. Cora B. Calvins, 116 E. 4th St.

Think of "EXCELSIOR" when you want milk, cream and ice cream.

FULLERTON DISLIKES  
CHANGE IN SCHEDULE

FULLERTON, Nov. 12.—At a meeting of the board of trade directors the matter of the change in train service of the Santa Fe was discussed and a protest against the abandoning of some of the trains has been launched. It is said that the Anaheim Board of Trade have also taken up the matter.

The new schedule goes into effect on November 14, and under the proposed new schedule there will be no train for Fullerton leaving Los Angeles between 2 o'clock in the afternoon and midnight, the other trains which have rendered such excellent service being abandoned.

The railroad people contend that there is not enough local traffic to warrant them retaining the local trains on account of the bus patronage, which cuts down their passenger service.

WALNUT HOUSE TO  
CLOSE POOL MONDAY

ANAHEIM, Nov. 12.—The first pool of the local walnut season will close at 5 o'clock Monday afternoon.

George M. Ross, secretary and general manager of the Anaheim Walnut Growers' Assn., stated.

The growers who wish to get their nuts in the first pool will have to deliver them at the packing house not later than the end of this week.

Mr. Ross stated that although the acreage of the association has been increased 50 per cent the volume of nuts put out by the association this year will not be much larger than last year, due to a big falling off in the crop. The association will receive about 650 tons. The amount received last year was 585 tons. But for the crop shortage, this year's crop would have gone as high as 900 tons, Mr. Ross said.

He added that the quality of the nuts in the Anaheim district is better than in the average walnut districts since most places have been forced to ship second grade nuts while all nuts received here have been kept up to the Diamond brand at the local packing house. The second grade nuts are less in evidence here this year than last year, the percentage this year being about 6 per cent compared with 12½ per cent last year.

Checks have been issued for half of the crop delivered at the packing house, and checks for another quarter will be issued in about two weeks.

The association has received eastern orders for all the crop but about four cars. Thirty-two cars have been shipped. The unsold cars are expected to move out soon and final payment made in about 60 days.

Prices have been maintained as set by the Calif. Walnut Growers Assn., at the opening of the season and the price on second grade walnuts has been advanced one cent.

U. S. JAZZ ARTISTS  
ARE MAKING FORTUNE

PARIS, Nov. 12.—King Jazz has been dethroned and condemned to execution by the Society of Authors and Composers of France. Last summer the union of French musicians and the union of dancing teachers also declared jazz to be dead and buried.

Curiously enough, however, the most popular night club and restaurant in Paris is one wherein the orchestra is composed of four jazz musicians, formerly privates in the American army. They are making about \$400 a week each.

MILAN EDITOR DIES  
IN SOCIALIST FIGHT

MILAN, Italy, Nov. 12.—Carlo Rossi, a prominent barrister and editor of the newspaper Secolo, was killed and several persons were wounded in a clash between the police and Socialists during a demonstration here. Later, one of the men engaged in the demonstration tried to tear down the national flag from a balcony of the Liberal Association building, and in the fight that resulted one man was killed and several injured.

SUGGESTS BREEDING  
SKUNKS FOR HIDES

WASHINGTON, Nov. 12.—Breeding of skunks as a means of stabilizing the "depressed fur market" is the latest suggestion of the Department of Agriculture.

Despite all the harsh things that have been said about this little animal, the department describes him as "the best wild animal friend the farmer has." The skunk, the announcement says, can be used for destroying mice, grasshoppers, crickets and white grubs, at the same time furnishing the farmer from \$50 to \$100 worth of fur a year.

All that is required of the farmer the circular says, is that he "respect the animal's dens, keep his poultry in skunk-proof yards, kill an old horse for them every fall and be tactful when he meets them in the evening."

## DIAMOND DYES

Any Woman can Dye now

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, everything, whether wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggists have color card, showing 16 rich colors.—Adv.

MANY NEW HOUSES  
FOR HARPERVILLE

HARPERVILLE, Nov. 12.—Sam Weaver has finished his new garage and is now domiciled with his Overland machine. Weaver is living in the garage temporarily. He expects to start work on a new house on his ranch.

Mr. C. Christensen has placed a new roof on his water tank.

Nathie Harmon and Billy Young are busy harvesting their crop of yellow corn grown on the Ingram ranch.

Bill Ticer has purchased a new wind mill and expects to drill a couple of wells on his ranch in the very near future.

George Washington Schroder visited Wilmington last Tuesday. The doctor has been troubled with an attack of pleurisy. He had to employ a chauffeur to drive him to Wilmington. However the doctor is now free from pain and wearing his same old smile.

Milo Allen, president of the Garden Grove hunt club, visited Camp Baldy one day last week. He was accompanied by his Sunday school class of boys and his brother Garfield Allen. They struck a snow storm and also some hail. The boys had a great time as many of them had never seen any real snow.

The fumigating outfit of the Garden Grove Citrus Association is now finishing the Schmidt orchard. Nearly every acre of citrus fruit in this district has been fumigated this fall.

The recent rains have been welcomed by all ranchers and the irrigating has practically ended for the season. Walnut picking has been completed.

A half dozen houses have either been built or are now in process of erection and a moon over moon will soon be started. Harperville bids fair to double its housing capacity in the next few months. Houses are in demand and builders are busy.

SHARK IN ATTACK  
ON WRECK VICTIMS

MANILA, P. I., Nov. 12.—Sixty-four persons were thrown into the sea when a typhoon overturned the coastwise steamer San Basilio while the crew were attempting to drop anchor off the island of Leyte, South Philippines, according to the story of Concordia Erado, one of the twenty survivors.

Bardo, who arrived here on the steamer Samal, being picked up at sea after drifting two days, vividly described the typhoon wreck of November 4.

"I swam to the lifeboat," he said, "but after reaching it was compelled to jump back into the sea when a shark attacked the boat. The shark devoured one of the men in the boat. I obtained a life preserver, which kept me afloat until I collected enough wreckage to make a raft, upon which I drifted two days before the steamer Samal rescued me."

BAKERSFIELD RAID  
NETS BANDITS \$700

BAKERSFIELD, Nov. 12.—Entering the old Depot saloon here, four unmasked bandits held up Ed Cassina, proprietor of the place, and ten customers, escaping with about \$700. Although a good description of the men was furnished Sheriff Gum, no trace of the holdup men was found.

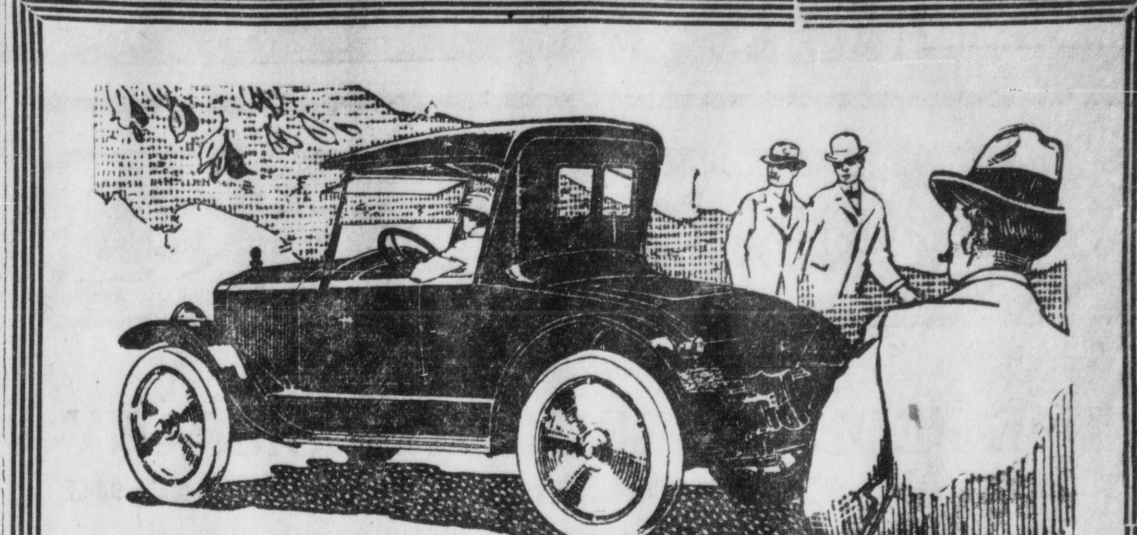

Cassina stated that about \$100 was taken from the till. While the hold-up was in progress, an unidentified man looked in to see what was happening. He was ordered inside by the robbers and \$140 was taken from him.

PIEDMONT'S FIRST  
MAYOR DIES AT 79

OAKLAND, Nov. 12.—Hugh Craig, 79, first mayor of Piedmont, and several terms president of the San Francisco Chamber of Commerce, is dead here.

Craig was one of the figures linking the modern and the old West, having first seen the Pacific Coast as a sailor before the days of '49.

Aside from large mercantile connections in San Francisco, he was a past president of the Trans-Mississippi Congress, to which post he succeeded William J. Bryan.

WHY  
do men turn and look?

You have observed that owners are unusually proud of the Essex. They manifest it in their speech, their driving and the particular way in which they care for their car.

Such enthusiasm is natural to all who know it. You catch some of its influence if you watch the Essex and the owner in action.

Haven't you noticed how Essex drivers seem to fit in with the action of the car? They are alert and confident. The Essex responds to every whim of the driver. It glides as smoothly as a canoe drifting down stream or rushes silently by with the speed and freedom of a bird.

The Essex is famous for beauty as well as performance. It is not merely that Essex matches large, high-priced cars in comfort; not only its speed, quickness of getaway and easy mastery of the hills.

Essex charm lies in the combination of its qualities of beauty and fineness with a flying smoothness of action and a responsiveness that heeds its lightest touch.

The wide business uses for which the Essex Roadster is adapted are instantly apparent. It is especially suited for salesmen. Though not large, the Essex is commodious. There is plenty of room for passengers, and special arrangement for carrying sample cases.

And it needs only limited parking space. Owing to splendid foresight and recognition of the attractions of the Essex Roadster, we are very fortunate in having a supply ready for delivery. Our order was placed with the factory early and you may reap the benefit.

PLAN SHIPPING OF  
FRUIT BY STEAMERS

FRESNO, Nov. 12.—Suggestion was made at the state convention of fruit growers and farmers by C. C. Teague, president of the California Fruit Growers' Exchange, Los Angeles, that the company which he represented and the California Associated Raisin company might join in a plan for the building of refrigerated

tor steamers to carry their product to the Eastern markets and thus render them independent of the railroads.

The federal shipping board, he said, had the power to contribute 75 per cent of the cost of building the vessels, provided the concerns mentioned, or other industries interested, would raise the remaining 25 per cent.

The suggestion was made as a means of fighting the high railroad rates, he said.

HARDING CAMPAIGN  
COST \$3,416,000

FRENCH LICK, Ind., Nov. 12.—The Republican National campaign cost \$3,416,000, according to figures given out by Fred W. Upham, treasurer of the Republican National committee, who is here for a brief rest. He stated that the deficit amounted to \$1,350,000.

**EL TORO**

EL TORO, Nov. 12.—Mary and Carl Trapp and Miss Ferne Gould spent last Thursday at Manhattan Beach, where Miss Trapp purchased a lot.

Mr. O. L. Conaway of Long Beach and his father, Mr. O. B. Conaway of Barstow, visited Mr. George Conaway and family at El Toro.

The young folks here met at the home of Miss Hazel Conaway last Thursday evening to practice singing for the choir.

Nelson Arnold recently purchased the Emery Salter ranch, on the Moulton tract. He expects to move his family there soon.

The Parent-Teachers' Association held a meeting last Thursday. The association is gradually increasing in membership much to the pleasure of Miss Bancroft and Mrs. Ritter.

Mrs. Gould, Mr. Bruce Gould and Miss Ferne Gould spent Friday evening with Mrs. Gould's sister, Mrs. L. L. Purdy of Serra.

Mrs. Harry Froehlich and John Trapp were in Santa Ana, Friday.

Mrs. Helvie was in Santa Ana Saturday.

Miss Ferne Gould spent Saturday night and Sunday with Miss Hazel Conaway.

The ball game was called off Sunday on account of the rain.

Miss Vivian Helvie left Sunday for a two weeks' visit in Los Angeles.

Miss Hazel Conaway spent Sunday night and Monday with Ferne Gould.

George Conaway, O. B. Conaway, T. L. Conaway and William D. Conaway were visitors at Long Beach, Saturday and Sunday.

Mrs. Avery and daughter, Helen, have been visiting in El Toro. They returned to Los Angeles, Sunday.

Ruth Hemingway, Dolie Rodgers, Mary Trapp and Dorothy Trapp spent Sunday afternoon with Miss Bancroft.

Mr. and Mrs. W. D. Baker and family spent Sunday in live.

Mr. and Mrs. A. Trapp and family spent Sunday evening with Mrs. Trapp's sister, Mrs. John Rhodes, of Laguna.

Mrs. Evans of San Onofre, visited her mother, Mrs. Waterman at El Toro.

Mr. and Mrs. Burt Stephenson were in El Toro on business, Saturday.

Ruth Hemingway spent Sunday with the Misses Mary and Dorothy Trapp.

Mrs. Whistler visited Mrs. Conaway Monday afternoon.

Mr. Gould was a business visitor in Santa Ana, Monday.

**PINNED UNDER AUTO**

REDLANDS, Nov. 12.—Dr. E. J. Eytine, naval aviator, escaped serious injury by a close margin when his auto skidded on the wet pavement of Roosevelt boulevard, Yucaipa, and turned over into a ditch, pinning him under the car. He was brought to his home and it was found his injuries are not serious. The car was wrecked.

Dr Magill, Osteopathy, Phone 956W.

**HOT BUNS FROM SAM HILL'S BAKERY**

Mr. Taxpayer and Citizen:

Did you ever stop to think what it would mean to Santa Ana if you would patronize your Home Baker?

Do you realize that Our Home people are buying about as much Out of Town bread as they are of bread "Made in Santa Ana?"

Just think what it would mean if you would stop buying Out of Town bread and buy from the local baker.

It would mean this: That we would have at least two more Bakeries in Santa Ana, and perhaps give employment to twenty people, who would spend their money here and help make a City of Santa Ana, and not help make a city thirty-five miles away.

These big elaborate trucks that bear inscriptions that don't read "Made in Santa Ana" would disappear from the streets of Santa Ana and you would soon see trucks bearing signs reading "MADE IN SANTA ANA" take the place of them.

Then Santa Ana would get the benefit of the dollars they are entitled to, as well as increase the population.

Just try eating bread Made in Santa Ana for one week and see how much better you will feel and note the smile the local bakers will have when you meet them on the street.

These facts are worth thinking over. We are selling 24-oz. full weight bread at 12c per loaf.

EVERY JUDGE OF FOODS YOU MEET SAYS THAT BUYING HERE'S A TREAT.

HOW, the governor of one state might say to the governor of another state, "It's a long while between breakfasts" if they bought their hams and bacon here. How is your get-up-early appetite, anyway? Why don't you buy your meats of us? Watch for Mr. Happy Party.

#### PLAN FOR EMERGENCIES.

PASADENA, Nov. 12.—Additions are to be made to the Pasadena Municipal Light plant to permit meeting emergencies in case the supply of power being purchased from the Los Angeles aqueduct should fail, according to Manager C. W. Koerner's announcement. Koerner said the first unit of a \$300,000 addition to the plant is to be started at once and will be complete by next summer. The plant has purchased three additional lots to take care of the expansion.

## Latest From Oil Fields of Orange County

By ELWOOD J. MUNGER

## DERRICKS JUMP UP RAPIDLY IN BEACH FIELD

HUNTINGTON BEACH, Nov. 12.—Excitement at Huntington Beach continues to run higher. New companies are forming and coming in to the field.

The Amalgamated Oil Co. spudded in and started drilling alongside the Texcal and is hurrying to get into the sand as soon as its neighbor. With a little edge on the start the Texcal is about a hundred feet ahead of its rival, the Standard Oil Company, and is exerting every effort to maintain this lead and get into the oil sand first.

The Standard across the road on the Huntington is moving right along and will probably overtake and pass the Texcal before many days. The West Whittier is hurrying the rigging up work to completion on Turkey No. 1 and expects to be making hole the middle of the week.

The Bell of Montebello has entered the Huntington field, having secured a lease on a half-acre of property to the south and joining the West Whittier. The most recent newcomer into the field is the State Consolidated. This company has secured one acre joining the Texcal on the east side of the field.

The Midway Central has about completed the rigging up work on the rotary equipment and will be ready to start drilling before the end of the week.

R. D. Edon, a Fullerton man, has located at Huntington Beach. Edon in addition to looking after the Mid Central has leased a tract of land north of the Standard's Huntington property on which a derrick has just been completed.

Things do not look so good for the Union over on the big Newland tract. At 2500 feet the formation is a sticky shale with no oil indications as yet. This does not make the properties held by the curbstone and wild cat companies in between the Union and Standard look very promising. It is understood that the Standard struck its first oil at about 1800 feet. The Union is now better than 1000 feet deeper.

The Standard Oil Co. is getting ready to bring in Bolsa Chica No. 1 at about 2500. This well has been showing up the best of any that have been drilled in the field thus far.

Huntington No. 3 is standing cemented. Huntington 3 and 4 are drilling and Surf No. 1 is going deeper.

The shutting off of deep water has developed into something of a problem for the Richfield-Consolidated. At 2900 a quantity of water keeps coming into the well that has resisted three attempts to shut off. The well is to be tested out the latter part of the week for another shut off.

Drilling by the Richfield United has been going good this week. At 2500 feet, however, the hard conglomerate has made a re-appearance and the drilling has slowed down some.

The Richfield Union Petroleum's wild cat now shows 2200 feet of hole, the formation a hard shale mixed with streaks of sand. Drilling is going good.

## ARE PULLING CASING IN SANTIAGO WELL

ORANGE, Nov. 12.—The Orange County Petroleum, drilling in the Santiago canyon, after making about 500 feet of hole finds it to the best interests of the well to pull the 15-inch casing and replace the liner with stove pipe. This completed, drilling will be resumed.

DOWN 2750 FEET NOW  
RICHFIELD, Nov. 12.—Failure to get much of an oil well at Dominguez No. 1, the Selby-Roth-Hogue Oil Co. is carrying the well deeper. At 2750 feet, 200 feet deeper than the original test, the showing is only meager.

## SAN JOSE PRISONER HAS UNIQUE RECORD

SAN JOSE, Cal., Nov. 12.—Datto Lorenzo, arrested by the police here, claims the distinction of being a war veteran of the Italian army, a master violinist and a connoisseur of art. He served through the war with the Italian forces and displays a citation to prove his honorable record. As to his ability with the violin, he'll play it for you, maybe.

And as to his position as an art collector he displayed to the police here what detectives declared was one of the choicest collections of police photographs they had seen recently.

Incidentally, he was the subject of each.

Lorenzo told the officers that he was in the habit of getting a copy of each police picture taken of him and was "making a fine collection."

## SANTA ANA CANYON IS AGAIN LOOKING GOOD

RICHFIELD, Nov. 12.—Losing a part of the week fishing, the Santa Ana Canyon Oil company succeeded in getting the lost string of tools out, and is now drilling at 3950 feet. The showing of oil in the shale is on the increase, making the well look considerably better than ever before.

## 350-BARREL WELL SECURED BY UNION

RICHFIELD, Nov. 12.—The Union Oil Co. added to its Richfield-Placencia output by bringing in Coyle No. 1, a 350-barrel well. The new well was completed at 3100 feet. Coyle No. 3 completed some months ago is making 150 barrels.

Oil is flowing by heads between the casing strings at Chapman No. 4. Drilling in the oil sand at 3525 this morning is showing up very strong more than a gray sand with scarcely any indications of oil. Dickson No. 1 is now in the oil sand at 3645 and looking rather good.

## OLINDA LAND HAVING SUCCESS IN OLD FIELD

OLINDA, Nov. 12.—The Olinda Land Co. is having good success developing the old Olinda field. Two wells are drilling. No. 20 at 2500 is in the shale, and No. 22 at 1700 is in hard conglomerate. The Olinda Land Co. recently completed No. 19 and put the well on production at 100 barrels. No. 23 is a new well rigged up to drill.

The National Exploration Co. has met with all the drilling difficulties catalogued by the oil operator in drilling a new well on the east side of the Olinda field. First it was caving, then it was collapsing of the pipe, and now at 560, when all the mechanical troubles had been cleared, the formation, a hard conglomerate, is so tough and resisting that little drilling progress can be made.

After cementing three times the West Coast Oil Co. finds that the water at No. 73 has not been shut off and will necessitate another job. No. 49 is drilling in the oil sand at 2400. No. 88, a new well just started, is in the conglomerate at 845. No. 77 shows 2050 feet of hole, and No. 75, a recent addition to the production, is holding its own at 125 barrels.

## TRY OUT WELL THAT HAS BUT LITTLE SAND

BREA, Nov. 12.—The General Petroleum is about to bring and put on production Tonner No. 9 at a depth of 3253 feet. This well has shown but very little oil sand, the greater part of the oil showings appearing in shale. With about 300 feet of shale drilled through this well will determine the possibilities of a well for production without the oil sand. Up to the time the drilling was discontinued Tonner No. 9 has been looking very much like an oil well. However, the production test will tell.

## OLIVE WILDCAT WELL CEMENTING OFF WATER

OLIVE, Nov. 12.—The Olive Petroleum's wild cat well is standing with the cement setting at 2050 feet. The well has been showing quite a quantity of oil. It is believed that the showing will be increased with the cementing off of the water.

BARLEY, OIL, FRUIT  
BIG ITEMS OF EXPORT

SAN FRANCISCO, Nov. 12.—Barley, oil, canned and preserved fruit were the largest items of export from the port of San Francisco during September, according to the monthly report of John O. Davis, Collector of Customs.

Domestic merchandise exported totaled \$14,750,636, compared with \$12,185,185 a year ago and \$18,707,203 two years ago. The barley export amounted to 690,777 bushels, worth \$1,112,267, and the canned and preserved fruit was worth \$1,753,830. A million and a half tons of dried fruit, worth \$234,133, were also exported.

Oil exportations included: 1,008,440 gallons of crude petroleum worth \$48,084; 12,240,516 gallons of fuel and gas oil, worth \$590,879; 5,475,273 gallons of illuminating oil, worth \$717,067; 501,874 gallons of lubricating oil, worth \$161,125; 925,925 gallons of gasoline, worth \$352,292; and 176,944 gallons of other light naphthas, worth \$56,337.

Over 3,000,000 feet of motion picture films, worth \$135,469, were exported, along with half a million dollars worth of lumber; \$355,299 worth of cigarettes; \$709,844 worth of machinery; \$500,000 worth of engines and parts, hops valued at \$103,840, fish valued at \$364,017 and \$750,000 worth of tires.

All of the shipments were made from San Francisco except \$616,366 worth of oil from Port San Luis, and a little lumber from Eureka and Ft. Bragg.

Gold valued at \$14,071,763 and silver worth \$3,287,252 were exported during September, as against \$18,656,159 in gold and \$5,321,007 in silver a year ago.

At 7½ cents per mile, 5 people can travel for less than bus, train or street car fare, not to say anything about the added conveniences and comfort in going and coming when and where others don't go. When taking your next day's outing, remember Copson rents cars without drivers.

At Group 4-2 the 10-inch well be cemented at 3217. Drilling on Group 5-1 is going ahead at 3725. Walker No. 1 is drilling at 3000. Stern No. 3 is in the shale at 3100. Thompson No. 4, moved over on a new location, is drilling again and shows 500 feet of hole. Thompson No. 5, after drilling in the oil sand for some little time, is being prepared to bring in at 3125. The well has been looking very good.

Vejar No. 1 is now in sandy shale at 3875. Yerba Water Co. No. 1 shows 2850 feet of hole and Hugo No. 1 is drilling in the conglomerate at 2000 feet.

The Heffern Oil Company's well No. 2 has spudded in and started drilling. Heffern No. 2 is not far from the Standard deep well producing Kramer property and may turn out a big well.

The Harrington-Dumas Oil Co. is drilling by some 8-inch pipe at 2525, and will have 100 feet more to go before new hole will be made. The drilling by the pipe was occasioned by the string sticking and resisting all efforts to loosen and carry on.

TRouble WITH WATER

RICHFIELD, Nov. 12.—It begins to appear as though the United Oil Co. failed to get a complete shut-off on the water before bringing in Carpenter No. 1 at Richfield. Ever since the well went on production it has shown some water. First it was thought to be accumulated formation water, but its persistence and increase has caused another view of the well to be taken.

## JOURNAL SEEING NO LUMBER PRICE DROP

A trades journal quotes the amount of lumber manufactured in the past decade and the increase in the number of families in the United States to support his belief that the cost of lumber will not reduce materially in the future. It is his belief that unless some unforeseen condition presents itself the demand for lumber will be far in excess of the supply for several years to come.

Here is a table showing a gradual decrease in the amount of lumber manufactured, amounting to 25 per cent in ten years, due to the growing scarcity of standing timber:

Year	Families	Dwellings	Deficiency
1890	12,690,152	11,483,318	9.6%
1900	16,187,715	14,430,145	10.9%
1910	20,255,555	17,895,845	11.7%
1915	22,786,490	19,863,517	12.8%
1916	23,292,887	20,263,051	13.1%
1917	23,799,275	20,672,051	13.2%
1918	24,872,051	20,829,039	16.3%
1919	25,319,443	20,900,000	17.5%

This table shows the increase in the number of families in the United States, and the per cent in deficiency for housing our people.

## MAY HAVE AUDITORIUM.

POMONA, Nov. 12.—That a municipal auditorium, seating anywhere from 2000 to 4000 people, may be incorporated in the plans for the proposed new Pomona high school building, was apparent from discussion of the matter at a meeting of the board of education. A mass meeting may be called in the near future to enable the entire community to express its views on the subject. According to W. D. Tubbs, secretary of the board of education, both E. R. Yundt, cashier of the State Bank, and Charles A. Steadman, assistant cashier of the First National Bank, have urged such an auditorium.
